CROSS-FILING BAN PASSED BY ASSEMBLY

Amendment To Bar Pre-Primary Vote Endorsements Killed

SACRAMENTO (AP)—The Assembly voted 49 to 29 today to abolish cross-filing in primary elections. It defeated amendments which would have outlawed pre-primary endorsement of candidates by party organizations.

The bill now goes to the Senate.

Assemblyman William A. Munnell (D-Montebello), majority floor leader, said the bill would restore party responsibility in California.

OPPOSITION CHARGE

"Political bossism" was the charge of the opposition led by Assemblyman Joseph C. Shell (R-Los Angeles), minority floor leader.

Amendments by Assemblyman Charles H. Wilson (D-Los Angeles) to outlaw pre-primary endorsements were defeated, 40-38, brought up for reconsideration, then beaten again by the same vote.

Wilson argued "this is the only way we can stop the party organizations from making selections for the voters as is now being done."

HITS AMENDMENTS

Assemblyman A. Phillip Burton (D-San Francisco) labeled the amendments an "attempt to hijack the cross-filing bill."

Four Republicans crossed party lines to vote with the Democratic majority on the cross-filing bill.

They were Assemblymen Frank Luckel, San Diego; Alan G. Pattee, Salinas; Howard J. Thelin, Glendale, and Don Mulford, Berkeley.

Marin Assemblyman Richard H. McCollister voted against the cross-filing ban and for the amendments.

Democratic Assemblyman Thomas J. MacBride of Sacramento was the only member of his party voting against the bill.

Two members, one from each party, did not vote. The Democrats hold a 47-33 majority in the Assembly.

CHIEF FRANK KELLY
Seeks fifth term

Kelly To Run Again For Police Chief

Frank Kelly, 58, San Rafael police chief for 16 years, announced today he is running again in April for his fifth consecutive term in office.

Chief Kelly's announcement came amid strong rumors that he may have opposition this year from one of his subordinates. Although no official confirmation could be made, rumors persisted that Police Lt. Charles Chiesa is thinking of running against his boss Chiesa, 47, has been on the San Rafael police force for 19 years, even longer than Chief Kelly.

NO COMMENT

Chiesa had no comment to make today but indicated he is being urged to run and would make a decision this week.

Chief Kelly, elected in 1943, has held the chief's post ever since. He and his wife live at 17 Prospect drive, San Rafael. They have a daughter, Mrs. Beverly Gilmartin of San Rafael. A son, Lt. Francis J. Kelly of the Air Force, was killed in an accident at Travis Air Force Base in 1951.

A resident of San Rafael since 1921, Chief Kelly was with the California Highway Patrol for one and one-half years, undersheriff under Walter Sellmer for six years, and police sergeant for about one and one-half years before becoming chief.

FBI GRADUATE

He is a graduate of the Federal Bureau of Investigation National Police Academy at Washington, D. C., which he attended for four months in 1944.

Kelly is past president of the Marin County Peace Officers Assn., Bay Counties Peace Officers Assn. and Mt. Tamalpais Parlor Native Sons of the Golden West. He is a member of the California State Peace Officers Assn. and San Rafael Elks Lodge.

Nikita Rejects Big 4 Talks About Germany

MOSCOW (AP)—Soviet Premier Nikita Khrushchev, emerging from two days of talks with British Prime Minister Harold Macmillan, threw cold water today on the West's plan for a four-power meeting on Germany.

Khrushchev told a political rally in the Kremlin that the Soviet Union, the United States, Britain and France cannot discuss German reunification because "this is a question for the two German states themselves."

WEST'S SUGGESTION

A four-power meeting at the foreign minister level, as suggested by the West, might increase instead of reduce international tension, Khrushchev declared.

Khrushchev conceded that the four powers could discuss prevention of militarism in West and East Germany. But he then restated the Soviet stand that reunification should be settled only by the Germans themselves.

He also repeated the Soviet proposal for a conference of heads of government of all those nations that waged war against Hitler in World War II to work out a treaty with Germany.

REJECT PROPOSAL

The Western powers rejected this proposal in their recent notes calling for a four-power meeting on Germany at the foreign ministers level.

Khrushchev warned that any violation of the East German borders in the dispute over West Berlin would be considered an act of aggression against the Warsaw Pact powers.

While Khrushchev was speaking in the Kremlin, the visiting Macmillan was sightseeing.

Macmillan called off a hunting trip scheduled for tomorrow and planned a full day of informal talks with the Soviet leader at the British Embassy's villa outside Moscow.

4 Occupants Flee As Flames Envelop House

(Picture on Page 2)

Fire early today gutted the $60,000 home of Alfred S. Wilsey, wholesale dairy executive of 25 Upland road, Kent Woodlands, routing Wilsey, his two sons and a Chinese houseboy.

Only the garage and adjacent swimming pool bath house were saved.

Wilsey said he was awakened about 4:45 a.m. by his son, Tad, 13, who said the house was on fire. Wilsey then went to awaken his other son, Michael, 15, and his houseboy, Hing Au, but found them already up.

The four escaped moments before the modern wood and glass structure was enveloped in flames.

'TOTALLY GONE'

Kentfield Fire Chief John R. McLeran said the house was "totally gone" when he and his equipment arrived shortly afterward.

After an investigation this morning, McLeran said the fire may have started in a large free-standing fireplace in the living room.

Wilsey, secretary-treasurer of Wilsey-Bennett Co., San Francisco dairy products wholesalers, probed through the wreckage and said the only salvage from the house were some coins from a piggy bank. A $20 gold piece he had saved as a memento was reduced to a blob by the heat. Destroyed, too, was a 30-piece gun collection.

He said he and his houseboy drove two cars and a truck from the garage soon after they got up.

MAY VISIT BROTHER

He said he is undecided as to where he and his boys will stay, but it may be with his brother, Jack Wilsey, in San Rafael.

Tad is a student at Adeline E. Kent School. Michael attends Marin Catholic High School.

Chief McLeran said the fire was fought with his department's three pumpers and 24 regular and volunteer firemen.

Wilsey said when he phoned the fire department he was unable to give a full report, "because the phone was too hot."

A pet poodle, Ryan, was missing this morning. Wilsey said he thought the dog may have run off.

Adventurous Foursome Plans 'Dream' Trip To South Seas

They'll Start Voyage Soon From Sausalito

By LARRY LOVETT

Four young bachelors, two of them well known in Marin, are about to embark on a "dream" voyage from Sausalito to the South Seas.

George B. Willcutt, born and reared in Kentfield, is 31 and son of the late Dr. George H. Willcutt of Ross and Bolinas. He is a brother-in-law of Bert W. Broemmel, county assessor.

Gilbert C. Wheat Jr., also 31, is from Kent Woodlands and son of a former Ross mayor and councilman prior to World War II.

ELDEST OF FOUR

James R. Cunha, the "elder" among the sailors, is 37 and a San Francisco attorney.

The last member of the quartet is Henry W. Taft III of New York, grandnephew of President William Howard Taft.

The four acquired the 46-foot ketch Blue Sea, which had competed in 11 Santa Cruz races, from James Wilhite of San Francisco.

Today, they disclosed their sailing plans.

"We plan to leave possibly next month," said Wheat, chief navigator of the voyage. "We plan to call at Marquesas Islands, Tahiti and Westward in Polynesia."

'AMERICAN WAY'

The four are philosophers. "We believe the American way of life is just this sort of thing," Willcutt said. "When someone asks us why we're taking this trip, we merely say because we want to."

Actually, other plans are included.

Wheat, a writer and painter, expects to acquire material for marketable stories and pic-

San Rafael Ready To Adopt General Plan

The City of San Rafael can adopt its proposed general plan without further hearings, Mayor John F. McInnis concluded at the end of a public hearing last night which brought out some 100 persons but no major disagreement.

Part of the crowd had to stand in the hallway outside the 70-seat city council chamber to hear the two-hour presentation of the plan by consultant Harold F. Wise and discussion with members of the audience.

Only criticism voiced by more than one resident was of the lack of an over-all plan for parks and recreation sites in the general plan. Mayor McInnis said the blame, if any, should be put on the city council, which did not order a park site survey as part of the general plan.

AQUATIC PARK

The plan shows an aquatic park development on proposed filled land (privately owned) now under bay water, and a golf course and park which have already been designated in Riviera Marin. But it makes no provision for neighborhood park and recreation facilities beyond those existing.

Planner Wise said some facilities obviously will be needed. He noted that San Rafael has now only 50 acres of parks and playgrounds. "Recognized national standards" call for 180 acres for a city this size, he said, but he is dubious of whether those standards are applicable to San Rafael.

FREEWAY PROPOSAL

A proposal for an east-west freeway in the vicinity of Second or First street drew objection from one resident and searching questions from two

Father Stabs Son With Carving Knife

A quarrel between a father and son in San Anselmo yesterday afternoon got out of hand, and the son was stabbed with a carving knife.

The son, Gerald Joseph Smith, 23-year-old unemployed carpenter, was treated at Marin General Hospital for a puncture wound in the left groin and one on the right side of his chest, reported San Anselmo police. He was kept at the hospital.

His father, Joseph Evan Smith, 51, an unemployed labor foreman, was intoxicated during the argument, police said. He admitted stabbing his son but said it was done in self-defense, reported Police Sgts. Ray Velati and James Orr.

The elder Smith told police his son entered the house at 66 Forest avenue, threatening to strike him. The father called police headquarters, reporting his son was beating him.

The carving knife, its blade wiped clean but with smudgy blood fingerprints on the handle, was found in a buffet drawer. It had a six-inch stainless steel blade.

The elder Smith was examined at Marin General Hospital for possible rib injuries before booking at the county jail on a charge of assault with a deadly weapon. He was released later on $2,500 bail and is scheduled to appear in Marin Municipal Court at 1:30 p.m. tomorrow for arraignment.

Garage-Shop Wrecked By $5,200 Fire

Fire engulfed a Santa Venetia garage-woodworking shop at 7:48 a.m. today and resulted in damage estimated at $5,200.

The gutted garage was 15 feet from the home of A. M. Pinnow at 10 Roosevelt avenue, Santa Venetia. Pinnow used the 15-by-25 foot garage as a woodworking shop.

Possible cause of the fire was listed as defective wiring by Asst. County Fire Chief Louis Bloom. Three county fire trucks responded to the alarm.

Bloom listed damage as $3,000 to woodworking machinery, $1,000 to finished products, mainly redwood souvenirs, and $1,200 to the building.

Brown Spurns Clemency For Doomed Killer

SACRAMENTO (AP) — Gov. Edmund G. Brown favors a "rough and tough" policy toward prisoners convicted of offenses involving use of guns or other deadly weapons.

The governor made that clear today in rejecting executive clemency for James L. Feldkamp of Los Angeles, convicted slayer due to die in San Quentin Prison's gas chamber Friday.

Brown said he had studied the case and found no reason to interfere with the execution. Feldkamp was involved in a 1954 armed holdup in which David Nagin of Los Angeles was shot to death.

The governor said that as San Francisco's district attorney and state attorney general, he always felt that if the death penalty had any effect, it would have an effect in cases where guns are used.

He said he told Richard A. McGee, state director of corrections, he hoped the state Adult Authority would be "rough and tough" on prisoners who used guns or other deadly weapons. The authority fixes sentences and governs paroles.

Raises Asked For County Employees

Salary raises totaling $99,748 for 339 of Marin County's 640 employees were recommended to the board of supervisors today by County Administrator Donald A. Jensen.

The increase, if approved by the board for 1959-60, would represent an over-all boost of about 3 per cent in county salary costs.

Jensen said his salary survey and accompanying recommendations would "provide equity with surrounding counties in accordance with previous board of supervisors' policy."

The administrator stressed that his report is not based on cost-of-living considerations, "but merely seeks to maintain fair salaries in comparison with the same jobs elsewhere in the Bay Area."

Discussion of the salary survery was postponed by the supervisors until March 4 at 9 a.m.

Among the positions recommended by Jensen for salary range advancements are the following (salaries listed are middle rates within given ranges):

Planning Department: County planning director, four-range increase, $676 to $821 per month; principal planner, three ranges, $613 to $710; senior planner, two ranges, $584 to 644; planner, two ranges, $530 to $584; junior planner, one range, $481 to $505.

Sheriff's Department: Undersheriff, two ranges, $613 to $676; chief civil deputy and chief criminal deputy, one range ,$530 to $556; sergeant and inspector, one range, $481 to $505; supervisor of identification and records, one range, $481 to $505; identification technician ,$436 to $458; deputy sheriff, one range, $415 to $436.

S.F. Man Found Bleeding, Dazed On Marin Highway

A 46-year-old San Francisco teamster, found sitting in a pool of blood beside Highway 101 near Corte Madera last night, was unable today to shed any light on what happened.

Robert Thorton Durkee, 46, was taken to Marin General Hospital in a dazed condition last night by California Highway Patrol Officer R. P. O'Brien. Doctors found he had a concussion from a blow on the head which completely closed his left eye.

Deputy Sheriff Gerald D. Fries, who questioned Durkee at the hospital, said the victim remembers nothing after leaving San Francisco after "a few beers." He told the officer he left by Greyhound bus to see friends at the Greenbrae boardwalk.

Durkee said he might have tripped over some curbing near the overpass and hit his head.

Patrolman O'Brien found Durkee sitting on the east edge of the highway about 500 feet north of the Corte Madera overpass about 9 o'clock last night.

After treatment at the hospital, Durkee was driven to the San Rafael bus depot by Deputy Fries, and took the bus back to San Francisco.

Kent Says He Was Treated Badly By Supervisors

Roger Kent, acting as counsel for Eichler Homes, lambasted the county board of supervisors today.

In all his 28 years of practicing law, he wrote the board, he never was treated so badly by any court, board or public agency as he was earlier this month by the Marin supervisors.

He accused the supervisors of "unreasonable and arbitrary" action and a "disregard of rights" of his client in the latter appealing a zoning ruling.

A hearing on the appeal was originally set for Feb. 10. When Kent found he would not be able to be present then, he asked County Clerk George S. Jones for a continuance. Jones, said Kent, agreed to put the matter on the following week's agenda.

When it was subsequently learned that only the supervisors in formal meeting can change the date of a public hearing, a deputy clerk notified Kent by telephone.

He sent a young associate from his law firm to appear at the hearing Feb. 10 and formally ask for a continuance.

At that meeting, the request for a continuance was denied and the appeal was rejected.

"That young attorney said he was ready to go ahead; that case had one of the fairest hearings before the planning commission. They are making more out of this than it really amounts to," commented Walter R. Castro, board chairman. Kent's letter was ordered filed.

LUXURY HOME DESTROYED

Playing Boy Runs Into Car At Ross, Suffers Two Cuts

A 10-year-old Ross boy, John Pelton Jr., came to grief yesterday afternoon during a dirt clod fight with other boys when he ran backward into the street and ran into a car at Lagunitas road and Walnut in Ross, reported Ross Police Chief Joseph Regoni.

The injured boy was given emergency treatment for a deep two-inch gash on his shoulder and a cut above his right eye. Chief Regoni said he ran against an outside rear-view mirror. John's father is a building contractor. The family resides at 88 Redwood drive, Ross.

Driver of the car, Samuel Tate Hollenbeck of 23 Pearl avenue, Ross, was not cited.

Deputy Public Defender Named

Jerome C. Durham, San Rafael attorney formerly associated with Frank Peebles, was named deputy public defender today by the county board of supervisors.

Durham will serve under Public Defender Leonard A. Thomas and his chief deputy, Peter Allen Smith. Durham will draw no pay from the county.

2-Year-Old Girl Run Over By Car

A 2-year-old girl suffered possible pelvic fractures and internal injuries yesterday afternoon when she was run over by the wheel of a car at Golden Gate Trailer Park, 2000 Redwood highway, Larkspur.

The girl is Laura Lea Bender, daughter of Airman 1/C and Mrs. Clifford L. Bender, residents of the trailer park for two years.

Police Chief Howard Clark said the car was driven by Mary Plummer Rice, a nurse of Wellesley avenue, Tamalpais Valley.

The child was taken to Marin General Hospital by a resident of the trailer park, and transferred to Letterman Army Hospital where attendants today said her injuries were painful but not critical.

The girl's father is in the food services section of the 666th Aircraft Control and Warning Squadron atop Mt. Tamalpais. Clark said no citation was issued.

Bomb Hoax Fails To Disrupt School

A bomb hoax at San Rafael High School this morning failed to disrupt normal school routine.

San Rafael police said it was obviously a prank by a young boy.

Principal Ralph Phelps called police as soon as his secretary, Mrs. Genevieve Wood, got the threatening call about 8:45 a.m. Mrs. Wood said the voice warned "there is a bomb in school," then the telephone connection was broken. No time was mentioned.

PLAN

others. Wise said the city should insist on freeway standards considerably higher than those of Highway 101.

He said that in all Highway 101 entrances to cities in the Bay Area, that San Rafael "is probably the poorest."

Wise had a revolutionary proposal concerning a second north-south freeway, now somewhere in the planning stage at the State Division of Highways. He suggested it might tunnel through San Rafael hills.

Someone asked how much that would cost.

"I haven't any idea," said Wise. "We discussed it with the Division of Highways and their first reaction was one of sheer horror."

NO 'INTENTIONS'

The general plan includes in its map proposed land use in the Las Gallinas and Santa Margarita valleys. Mayor McInnis several times had to assure members of the audience that this did not mean the City of San Rafael was proposing annexations in those areas.

"Whether we like it or not," said the mayor, "areas adjacent have sometimes a frightening influence on what happens to us."

McInnis opened the meeting by noting, "Up to this point, planning problems have been met on a day-to-day basis." The general plan, he said, would give the council and planning commission a guide to follow.

He noted also that plans of the Forward San Rafael Committee for downtown redevelopment would need state and federal funds which could not be obtained unless the city adopted a general plan.

SERVES AS GUIDE

McInnis and Wise both emphasized that the general plan would serve merely as a guide. Wise explained it would be adopted by the council as a resolution, and would need ordinances to implement it. These would be enacted in the usual manner, with public hearings.

Someone in the audience asked a very pointed question: How much did the plan cost?

The mayor's answer: About $3,000, plus a lot of time by city employees and unpaid city officials.

Of the planning commission, which sat through many sessions in preparation of the plan, only chairman Pat Hetherton and Orlando Conti were present last night. Two of the city council were absent: Joseph F. Sauer, who is ill, and Louis H. Baar, who the mayor reported was out of town.

$1,500 In Jewels Stolen From Home

A jewel box containing $1,500 worth of jewelry was stolen from her home between noon and midnight yesterday, Mrs. Evelyn Jacobson of 203 Reed boulevard, Strawberry, reported to sheriff's officers.

Mrs. Jacobson said she discovered a front kitchen window broken when she returned home about midnight. The jewel box, containing a wrist watch, several bracelets and rubies—including one set with rubies and another with diamonds—was missing, she said.

Taft, who is leaving his post as treasurer of Doubleday and Co., New York book publisher, is taking the trip, among other reasons, to engage in his hobby of oceanography.

The Blue Sea has four bunks, generous-sized galley, ample storage space, a small diesel auxiliary engine and a generator.

Bunk space has been worked out carefully considering the dimensions of the crew. Willcutt is 6 feet 6 inches tall and weighs 290. Taft is 6-3 and 225, while Cunha is a mere 6-2 and 210. Wheat says that he is the agile member at 5-10 and 180 pounds.

The vessel, with her 13-foot beam and six-foot draft, carries her main mast 58 feet above deck. She was built in 1932 at Fairhaven, Mass.

"We won't be taking any refrigerated stores," Wheat said, "and our 98-gallon fresh water supply plus canned juices will get us by. We may trap some rain water along the way."

Willcutt will double as cook and ship's doctor. He makes no claim to a medical degree, but said association with his late father plus his Navy experience "will make the rest of the crew feel better."

The Blue Sea (painted white) has two radio receivers but no transmitter. It carries a small dinghy with outboard motor "so we can get among the small atolls and away from the usual crowded tourist spots," said Willcutt.

"Our itinerary is necessarily vague," said Wheat. "Probably our first landfall will be the island of Nuku Hiva in the Marquesas, after about a 25-day run. Then 700 miles to Tahiti for repairs and checking."

After that, plans are open.

("Although no raise is indicated for the lower clerical jobs," Jensen said, "I have incorporated a raise for principal and chief clerks because of the relationship with other key positions in the county.")

Health department: Director of publis health, two ranges, $1,000 to $1,100; assistant director, two ranges, $821 to $905; director of public health nurses, two ranges, $505 to $556; public health nurses, two ranges, $415 to $458; registered nurses, one range, $341 to $358.

Jensen also recommended two-range salary increases, from $613 to $676 (middle rates) for the positions of assistant county clerk, assistant auditor, assistant assessor and assistant treasurer-tax collector. A two-range increase, from $782 to $862, was urged for the assistant county administrator.

BLASE SMOKER — Two-year-old Lawrence Smith of Peoria, Ill., puffs his cigarette like a veteran smoker — which he is. He's been smoking for better than a month now, and won't give up the habit. At least he's tidy with his ashes—note the ashtray on his tricycle. (AP Wirephoto)

5-A-DAY QUOTA

2-Year-Old Just Won't Give Up Cigarettes

PEORIA, Ill. (AP) — A 2-year-old Peoria boy picked up a lighted cigarette about a month ago and smoked it. Next day he wanted another. He got it.

Now the tot, Lawrence Smith, smokes five cigarettes a day. His mother, Mrs. Lawrence Smith, says she is worried because she can't break him of the habit.

"I've tried," Mrs. Smith said. "But Lawrence cries and cries until he gets his cigarettes. He wants his 'moke.'"

Mrs. Smith, a divorcee who works as a waitress, said she is going to take her son to a doctor to find out why he likes to smoke cigarettes.

Mrs. Smith, who said she doesn't smoke, said she believed Lawrence picked up the habit from a baby-sitter she employs.

The mother tried to substitute candy cigarettes for the real thing. But it was no go.

"He just threw them aside and screamed until he got real cigarettes," the mother said. "Once I tried giving him raw tobacco, thinking the taste might break him of the habit.

What happened?

"It had no effect," Mrs. Smith said.

Lawrence doesn't light the cigarettes he smokes. That's a job for either his mother or the baby sitter.

"There's a danger from fire if he lights his cigarettes himself," Mrs. Smith said.

Lawrence is careful with the ashes. He even carries an ash tray in his tricycle.

Whale's Heart Beat Recorded

RICHMOND (UPI)—A Los Angeles heart specialist said last night the heart beat of a whale was recorded for the first time in an expedition off the California coast.

Dr. Frank Nolan said an electrocardiogram was taken yesterday of a 20-ton grey whale after it was harpooned and brought alive alongside a whaler of the Del Monte Fishing Co. of Richmond.

The whale, which measured 42 feet, was brought to the Del Monte headquarters where a team of cardiologists removed specimens of the huge heart for research studies.

Can County Make Utilities Bury Wires?

Does the County of Marin have authority to require utility companies to bury their wires underground, out of sight?

That was the question the county board of supervisors came up against today. The subject was introduced by a letter from Dr. Frank H. McKevitt, protesting the "blight" of telephone and power poles and wires along Tiburon highway.

He asked for county action to abate the blight.

"I wonder if the county has the power to make the utilities put their lines underground?" asked Mrs. Vera Schultz, supervisor from the Southern Marin district.

With the concurrence of the other members of the board, Chairman Walter R. Castro asked County Counsel Leland H. Jordan to prepare a formal legal opinion on the question.

The supervisors gave no indication whether they would exercise the power if Jordan finds they have it.

Vandals Wreck Mailboxes, Signs In Tam Valley

Vandals uprooted eight mailboxes and knocked down a half dozen street signs in a holiday wrecking spree in Tamalpais Valley, sheriff's deputies reported today.

Home owners along Shoreline Highway got up yesterday morning to find a scene of devastation.

Victims include L. E. Taylor of 556 Shoreline highway, G. E. Tillman of 552 Shoreline, a C. K. McDermand of 567 Shoreline, and N. A. Quadros of 572 Shoreline. Four other mailboxes uprooted had no names, sheriff's officers said.

Stop signs and street signs were knocked down at Loring, Palma and Northern avenues. Two speed signs were flattened, and several reflector guard signs damaged.

Expert Says Russ Will Achieve First 'Human Satellite'

LOS ANGELES (UPI)—A man will be put into orbit around the earth within two years—but he'll probably be a Russian, according to space expert Willy Ley.

Ley, speaking yesterday at a student convocation at Los Angeles State College, said we were lagging behind the Russians in experiments at putting man into space.

But, he said, there should be no great disappointment over the Russians penetrating space with a manned satellite first. American scientists will not send up a man until they're sure they can get him back safely — while the Russians probably won't be too concerned over the fate of the man.

Ley, a German-born scientist, predicted a manned flight around the moon would take place in four years. He said the lunar round trip would take about 10 days.

Singer Piaf May Undergo Surgery

NEW YORK (AP) — French singer Edith Piaf, suffering from bleeding ulcers, entered Presbyterian Hospital today for possible surgery.

The singer, 42, became ill last Wednesday and was forced to cancel her singing engagements at the Waldorf-Astoria Hotel.

Library Fund Deletion To Be Protested

Deletion of funds for San Francisco's Sutro Library from the state budget, proposed by Gov. Edmund G. Brown, was to be protested in Sacramento today by a group headed by Charles P. Guichard of Mill Valley.

Known as Friends of Sutro Library, the group seeks continuance of the $25,000 annual appropriation to provide a staff for the 100,000-volume library, now housed in the basement of the San Francisco Library.

Calm Strands One Boat, Mud Maroons Another

Boaters had their troubles yesterday in Marin.

Two young men spent eight hours stranded on a mudbar near the Richardson Bay Bridge. Two others were becalmed for hours near the Golden Gate Bridge and had to be towed out by the Coast Guard.

At 3:50 p.m., William R. Sutherland of 72 Valley Circle, Mill Valley, called the sheriff's office to report a cabin cruiser, with two men aboard, was stranded in the mud near the Richardson Bay Bridge.

Deputy Harold Sleezer was dispatched from the Marin City sheriff's substation. He said the boat was so stranded it was impossible to get near it, and so far out he could not even learn the men's names. He tried to shout to them that high tide would be at 11:30 p.m., he said.

Apparently the boat floated free at high tide, because "it wasnt there this morning," Sleezer said.

At 7:20 p.m., Mrs. Harold Eugene Welch of 611 Main street, Sausalito, called Sausalito police to report she was worried about her husband, who had failed to return from a sailing trip.

Welch had gone sailing with William Pereira of 76 Crescent avenue, Sausalito board a 17-foot sailboat.

Police notified the Coast Guard, who found the boat becalmed about two miles past Pt. Bonita at 8:30 p.m. and towed it home.

Suspect Held In Theft Of Lumber

A San Anselmo painter, driving a pickup truck loaded with new lumber, was arrested about 1:30 a.m. today on suspicion of stealing the lumber from an apartment construction job behind King Cotton restaurant.

Edgar James Evans, 36, of 151 Pine street, San Anselmo, was bailed out of jail for $250 and is to appear in court tomorrow afternoon. He was booked on suspicion of petty theft.

San Rafael Police Officer Ray Bleasdale and Leon de Lisle Jr. noticed Evans' 1955 pickup truck headed west on Second street, running flashing red signals. Lumber, sticking out behind the truck, had no lights or warning flags.

Police caught Evans near Casa Marin furniture store. Officers said Evans at first denied taking lumber but later admitted he took the 12-foot planks from the construction project at Belvedere and Canal streets, where Kaehler Construction Co. is putting up apartments.

San Rafael police, with the cooperation of San Anselmo officers, searched Evans' home and found 12 more planks in his yard. Police said Evans is a painter and has a television store on Pine street in San Anselmo.

The lumber which Evans had is worth $60 to $70, police estimated.

Catholic Weekly Hits Kennedy On Church-State Split

SOUTH BEND, Ind. (AP) — A national Catholic weekly magazine disagrees with Sen. John Kennedy's statement about the separation of a public official's religious beliefs and his governmental duties.

The March 7 issue of Ave Maria quotes Kennedy as saying:

"Whatever one's religion in private life may be, for the officeholder nothing takes precedence over his oath to uphold the Constitution and all its parts — including the First Amendment and the strict separation of church and state."

The magazine's editorial said that "to relegate your conscience to your 'private life' is not only unrealistic, but dangerous as well."

Ave Maria is published by the Holy Cross Fathers at the University of Notre Dame.

The statement of Kennedy, a Massachusetts Democrat, was in a national magazine article concerning a Catholic's chances of becoming president in 1960.

Out-Of-State Corporation Taxes Upheld

WASHINGTON (AP)—The Supreme Court today ruled the states may tax net income of out-of-state corporations on the basis of earnings within the state.

The 6-3 ruling was on cases coming from Georgia and Minnesota, but has important significance for all states and hundreds of corporations.

Justice Tom C. Clark wrote the majority decision. Justice Charles E. Whittaker wrote a dissent in which Justices Felix Frankfurter and Potter Stewart joined.

TWO CASES

In one of the cases the court upheld a Minnesota income tax levy on an Iowa firm which has a sales office in Minneapolis. In the other case it reversed a ruling by the Georgia Supreme Court that Georgia could not tax net income realized in that state by a Birmingham, Ala., manufacturer having a sales-service office in Atlanta.

Among other decisions today, the Supreme Court:

Ruled 6-2 that the states may levy property taxes on imported materials essential to the importer's current manufacturing requirements.

PROPERTY TAXES

Held 8-0 that the states may discriminate against their own residents in imposition of property taxes on merchandise held in storage.

Ruled unanimously that a bank robber may not be given separate consecutive sentences under the federal bank robbery act for holding up a bank and also for disposing of the loot.

35-Hour Week Probably Won't Pass Congress

WASHINGTON (UPI) — The AFL-CIO's call for a 35-hour work week appeared unlikely today to get an answer from Congress this year.

Even congressional backers of the proposal conceded that there was little chance of it winning approval in 1959. But they said that the new demands might pave the way for action in the future.

The AFL-CIO Executive Council demanded yesterday that Congress revise the Federal Wage and Hour Act to provide a seven-hour day, 35-hour work week for about 20 million workers covered by the law.

RENEWING DRIVE

Organized labor also is renewing a drive to extend coverage to eight million more workers and to boost the minimum wage from $1 to $1.25 per hour.

Members of the House Labor Committee gave these two reasons for doubting that Congress this year would consider shortening the work week:

1. Labor committees of both the House and the Senate already have a heavy agenda, including labor reform legislation, proposed amendments to the Taft-Hartley Law, the higher minimum wage proposal and school aid bills.

TAKES TIME

2. Reductions in working hours historically take time to achieve, and there is a lot of opposition in Congress now to shortening the work week.

Rep. Roy W. Wier (D-Minn.), a Labor Committee member, called the AFL-CIO proposal "a shot in the right direction."

"It may miss the first time, but it will lay the groundwork for the future," he said.

Youth Slain In N.Y. Gang Fight

NEW YORK (AP)—A feud between two teen-age gangs erupted in violence in the crowded Brooklyn theater district last night. One boy was killed and another wounded.

Four boys, captured after a five-block chase, were charged with homicide.

Dead was Tony Labanchino, 17. John Lombardi, also 17, was shot in the hand.

Police said that Labanchino and Lombardi were members of the "Sands Street Angels." They had been playing a pinball machine in an amusement arcade.

They walked outside and met five youths, members of a rival gang, "The Mau Maus."

One of the Mau Maus suddenly pulled a .22 caliber pistol and fired four times. Two shots struck Labanchino in the face. A third struck Lombardi.

Reuther, Meany In Uneasy Truce

SAN JUAN, Puerto Rico (AP)—AFL-CIO leaders emerged with an uneasy truce today after a revolt led by Walter Reuther against AFL-CIO president George Meany's one-man direction of federation policies.

It wasn't exactly clear who had won. But Reuther and other leaders of the former CIO felt their voices would be reflected more in the policies of the merged, 14-million-member organization.

For one thing, it looks now as if the Washington meeting the AFL-CIO is planning to underline America's unemployment problem will be along more spectacular lines as urged by Reuther.

The revolt had boiled for a week behind the scenes of the annual winter meeting of the AFL-CIO Executive Council. It began when Meany—head of the old AFL—chided Reuther—head of the old CIO—for holding a session of the Economic Policy Committee while Meany was delayed in Washington by a cold.

Reuther, chairman of the economic committee, retorted that Meany had never attended economic policy meetings. Anyway, the Auto Workers Union chief said, as chairman he should have a relatively free hand at mapping economic policy.

Meany, Reuther and other high federation officials failed to resolve the conflict at two secret breakfast meetings. A showdown session was held last night.

Meany declined to comment afterward. Reuther told newsmen:

"Nobody ever talked about busting up anything—there are understandings now on things where there were misunderstandings before."

Labor Plans Drive Against Tax Proposals

SACRAMENTO (AP) — Organized labor is embarking on a letter-writing spree in an effort to defeat Gov. Edmund G. Brown's beer and cigarette tax proposals.

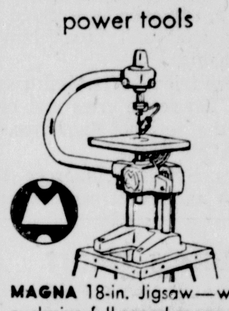

The California Federation of Labor, it was learned today, has passed the word to its locals to bombard the governor and legislators with protests against the consumer levies.

Asked for comment, the governor's office reiterated that Brown is not going to retreat from his recommendations for balancing the state budget unless labor comes up with something better.

Brown has asked for a new 3 cent cigarette tax and a 2 per cent severance tax, on top of increased rates on beer, horse racing and income taxes.

"Shocking," was labor's official reaction to the beer and cigarette measures in the governor's budget message. A federation spokesman termed it another 70 million dollar slap at consumers after noting that two-thirds of state revenues already come from sales levies.

Paper Bag Can Cure Breathing Disorder, Physician Reports

SAN FRANCISCO (AP)—A strange disorder which imitates serious diseases and terrifies its victims can be cured in seconds by breathing into a paper bag, a physician reported today.

Episodes of this ailment start suddenly with heavy, rapid breathing. The victim feels short of breath, his heart pounds and his throat goes dry. Often he thinks he is dying. The consequent fright makes the breathing even faster and more labored. He may black out.

All that is needed to treat the condition is a little presence of mind and a medium-sized paper bag, said Dr. Berguard I. Lewis, of Palo Alto. He addressed the California Medical Assn.

The victim opens the bag, sticks his face into it. This causes him to re-breathe some of the air he exhales. This bagged air is rich in carbon dioxide, the medicine which produces the quck cure.

Although the condition is very common, Dr. Lewis said, physicians often do not recognize the trouble and sometimes guess wrong in both diagnosis and treatment.

The medical name for the disorder is hyperventilation or over-breathing. Many persons have brief, acute attacks of it as the result of fright or other emotional jolt. But a considerable number have it in chronic form.

About 10 per cent of all persons seeking medical treatment have a tendency toward hyperventilation, Dr. Lewis said. In about 70 per cent of them, the underlying cause is psychological.

Marin Men Featured In Magazine

Two Marin County plastering contractors are the subject of a feature story, "Pair of Plasterers in Exurbia," in the February issue of This Earth magazine, a monthly publication of Permanente Cement and Kaiser Gypsum companies.

Carl Weber of San Rafael and Floyd Hilton, head of Hilton, Inc., Novato, are the two contractors featured.

The Weber name, according to This Earth, is the oldest name in Marin County plastering. His father, Charles, entered the business some 50 years ago upon arriving from his native Connecticut. The firm appears destined to become a three-generation affair, says the magazine. Carl Weber's 20-year-old son, Larry, is now busy learning the trade, too.

Weber's biggest recent job was plastering the new 28-building Golden Gate Baptist Seminary at Strawberry Point.

Floyd Hilton, the other plasterer featured, has been in plastering since the beginning of 1958. But, reports the magazine, he's been a Marin County lathing contractor for over 30 years. His decision to double in plaster came about at the urging of tract builder John Novak.

Delay In Strauss Nomination Asked

WASHINGTON (AP)—Sen. Estes Kefauver (D-Tenn.) disclosed today he is asking the Senate Commerce Committee to hold up the nomination of Rear Adm. Lewis L. Strauss as secretary of commerce.

Kefauver, who opposes Strauss' confirmation, said he wants the committee to delay a vote until the Justice Department makes a full report on Strauss' actions in connection with the controversial Dixon-Yates contract.

Strauss, former chairman of the Atomic Energy Commission, is serving as secretary of commerce under a recess appointment from President Eisenhower.

Michigan's So Broke, State Officials Can't Go On Trips

LANSING, Mich (UPI)—Michigan is so broke it can't pay out-of-state transportation to its officials unless they can bring back more money than they spend.

A virtual ban on travel to other states is the latest in a series of stopgap measures by one of the nation's wealthiest states to ease a cash crisis that finds red tape hampering efforts to bail the state out of red ink.

State Controller James Miller said he will not approve travel requests unless a "direct and immediate" financial gain for the state can be shown.

Michigan's plight is symbolized by a threadbare rug in Gov. G. Mennen Williams' office that has been patched with black tape to keep secretaries from catching their high heels on the loose threads. Williams' secretaries and more than 30,000 other state employees felt the effects of the cash crisis yesterday when a planned holiday in observance of George Washington's birthday was called off because the state couldn't afford to pay overtime for essential services.

The impact of fiscal collapse reached far beyond Williams' office. There is a threat of payless paydays.

The Big Ten universities of Michigan and Michigan State are three months behind in receipt of state appropriations. They tried borrowing from banks but credit ran out.

Secondary schools have been forced to borrow about 50 million dollars because the state can't meet its school aid obligations. The state has been meeting its welfare grants—but only by running up a 15-million-dollar deficit.

The deficit for the entire state is expected to reach 110 million dollars by July 1.

Amateur Skin Diver Drowns

MONTEREY (UPI)—The Coast Guard called off its search for Stephen F. Paniak, 22, of Burlingame last night after Paniak apparently drowned while skin diving in rough seas off 17-Mile Drive.

Paniak, a second-year medical student at Stanford, disappeared in the heavy surf while swimming with a classmate. His fiancee, Pat McMahon of San Francisco, watched helplessly from shore.

Police said Paniak was trying out his skin diving equipment in the ocean for the first time.

Paniak's companion, Stephen D. Nelson, 23, of San Mateo, said they had been in the water about 15 minutes and were 100 yards offshore when they both became tired. He said they tried to climb onto a small rock, but Paniak slipped into the ocean and disappeared.

"He slipped and I was too exhausted to go after him," Nelson said. Miss McMahon summoned aid for Nelson.

Firemen Freeze In Fire

MONTREAL, Que. (UPI)—Two firemen, trapped alive for more than five hours in a burning downtown building, were found frozen early today after a vain attempt to rescue them.

The victims were identified as assistant fire director Edward Normoyle, and fireman Hubert Daudelin.

The two firemen were trapped on a ledge about 9 p.m. (EST) when the roof of the three-story building collapsed. They were seen alive around midnight crouched on the ledge and firemen were able to talk to them until around 2 a.m.

Sen. Proxmire Would Reduce Johnson Power

By JACK BELL

WASHINGTON (AP)—A campaign by Sen. William Proxmire (D-Wis.) to clip the authority of Democratic leader Lyndon B. Johnson of Texas remained a one-man effort today.

No other senator publicly backed Proxmire's demand in the Senate yesterday for revival of party caucuses to direct and control the party leaders. He said Johnson is exercising "immense powers" without responsibility to anybody but the voters of Texas.

ANOTHER SPEECH

Proxmire, who himself once praised Johnson as the second most powerful man in government, said he will discuss in a later speech the implications of Johnson's leadership "and the power it has generated."

Behind the scenes there were other Democrats who obviously agreed with Proxmire that they have surrendered to Johnson sweeping authority never before so concentrated in a party chieftain. But these Democrats avoided publicly airing their views.

Proxmire himself said in an interview he had been told by some other Senators they were in sympathy with his views. But he said he wouldn't name them publicly.

CHIEF COMPLAINT

Proxmire's chief complaint was that the individual Democrats have no voice in determining which legislation is to be brought before the Senate for a vote.

Johnson operates in such instances with a nine-member policy committee he heads and whose members he appoints. Some Senate liberals feel this group is weighted on the conservative side.

Proxmire denied to a reporter that he was miffed at Johnson because he had failed to land an assignment on the tax-handling Senate Finance Committee.

SMALL CARS HAVE THEIR ADVANTAGES

PRINCETON JUNCTION, N.J. (UPI)—Irwin Winkelried, operator of a parking lot at the Pennsylvania Railroad Station here, was puzzled why an automatic treadle showed that more cars were leaving than entering the lot.

Investigation disclosed that drivers of small foreign cars had been driving under the arm of an automatic toll gate that rises to let cars in.

Winkelreid has installed a chain beneath the arm to discourage cheating.

Fund Drive Opens For Cancer Drug

CHICAGO (UPI)—Dr. Andrew C. Ivy last night launched a fund-raising campaign on behalf of the controversial cancer drug krebiozen at a dinner attended by movie actress Gloria Swanson and Sen. Paul Douglas (D-Ill.).

The University of Illinois physiologist also warned that if the National Cancer Institute does not act to give the drug a "fair test," supporters of krebiozen will seek legislation to force a test.

Ivy told guests at the testimonial dinner in his honor that a "tax-exempt form of organization" will be organized to raise at least $350,000 to finance production of more krebiozen.

"At the present rate of usage, all the krebiozen now available will be used up next summer," Ivy said, "and those patients now dependent on it will be left without it.

He said studies of about 1,000 persons treated with the drug have convinced him that krebiozen "is of value in the treatment of some cancer patients."

Mistake Having Son On Payroll

DES MOINES, Iowa (AP)—Rep. Steven V. Carter (D-Iowa) says he made a mistake in judgment in putting his 19-year-old college freshman son on his congressional payroll at $11,873 a year, the Des Moines Register said today.

The newspaper quoted Carter as saying "I'm afraid I didn't have this thing in very good perspective and I'm going to correct it.

"I've been ill with cancer and Steven has been carrying a lot of the load for me. My illness and the fact I was told that I might not live many weeks probably resulted in my making a misjudgment as to what I should pay Steve."

The freshman congressman said previously his son, a law student at George Washington University, had the best qualifications of applicants as his chief assistant.

Carter said he had received numerous letters from Iowa and "it is about 60-40 against me."

The newspaper quoted Carter as saying that because of the reaction he felt it was "time to lay things on the line and tell the people about my physical condition."

The congressman said treatments have been successful. He added that doctors tell him if the cancer does not attack a vital organ he probably can keep it controlled and live out a normal life.

Goheen Asks Zone For Apartments

A plan under which George C. Goheen would develop his property between Miller avenue and Sycamore Village for apartments is on the agenda for tonight's Mill Valley Planning Commission meeting in the city hall at 8 o'clock.

Involved is a request to change the existing zoning from commercial to multiple housing.

A series of variance requests and plan approvals are also on the agenda.

ONE BIG REASON

Why Some Folks Keep Getting In Trouble

By DELOS SMITH

NEW YORK (UPI)—A psychiatric expert on routine human affairs has put a finger on a big reason why some people get into trouble with other people on a regular and highly repetitious basis.

The reason is they begin their thought processes with an error so enormous it is pretty much like beginning some complicated arithmetic with the idea that one and one equals 27, said Dr. Edmund Bergler.

The error is "placing the accent on oneself," he continued. While it's perfectly true the favorite topic of people is self, "too much concentration on self has many disadvantages," he said.

He limited himself to only one, but one which escaped the attention of previous scientific analysts of the workings of the mind. This is the disadvantage of feeling insulted or affronted for no sound reason.

The affronted person begins his thought processes with his "own lovable self." He begins with the question "How can he (the affront-giver) do this to me?" and this automatically makes all further deliberations stemming from the insult, worthless.

By starting the thought processes with self, the insulted person "bypasses the fact that the other fellow, the offender, uses the identical priority list, and therefore places himself on top," Dr. Bergler said in a report to the technical journal, Diseases of the Nervous System.

"A matter that should be explained in terms of the other fellow's needs and motivations is consequently twisted into a personal problem of self. This 'little error' has far-reaching after-effects, by causing the affronted one to torture himself with his own thoughts."

Students Snub Engineering

CAMBRIDGE, Mass. (AP)—The United States faces a shocking drift of new students away from engineering, just when more engineers are most needed, a noted educator said today.

Opening a seminar of the Engineering Societies of New England, J. B. Wilbur, head of the department of civil and sanitary engineering of the Massachusetts Institute of Technology, deplored the tendency to label the combined accomplishment of engineering and science as "scientific achievements."

"When mankind finally lands on the moon—in a space ship designed by engineers, built by engineers and manned by engineers—it will doubtless be hailed in the press as another scientific achievement," Wilbur said.

Werner Captures Alpine Ski Title

VICTORY HUG — Bud Werner, America's top hope in the 1960 Winter Olympics, gets a big hug from Vonda Norgren of Denver, Colo., after he won the men's downhill championship in the North American Ski championships at Squaw Valley yesterday. Werner also won the slalom event which gave him the combined titles of the North American Alpine championships. (AP Wirephoto)

SQUAW VALLEY (AP)—Buddy Werner plus some bright new faces boost hopes American skiers may soon challenge Europeans in down-mountain racing.

Werner, the new North American Alpine champion, says "some of our boys are getting close to the Europeans."

The 22-year-old power skier from Steamboat Springs, Colo., yesterday proved his superiority in American ranks by covering the 1⅛ mile downhill course in 1:30.4, four seconds ahead of Kenny Lloyd, 23, Mammoth Lakes, Calif.

The races were the opening phase in testing this 1960 winter Olympic site. Cross-country skiers and jumpers open the North American Nordic Championships Saturday.

Linda Meyers, skiing teammate of Lloyd's, took the women's downhill, but Beverly Anderson, a cute blonde University of Washington student, edged her for the combined honors.

"We're seeing some bright new faces starting to show up and we have high hopes they'll develop," said Dr. Amos Little of Helena, Mont., manager of the U.S. Alpine (slalom and downhill) team.

Aside from mentioning Werner, "shining light of American skiing," Little refused to name names. He noted the North American on this Olympic site was but the first of five Olympic qualifying races. The second is the Harriman Cup competition at Sun Valley, Ida., this weekend.

Little and Steve Lawrence, coach of the U.S. women's team, said they were pleased with the Olympic runs and that as a whole "the area looks fine."

Werner, who said he plans to end his racing career after the '60 games, had stiff competition from Christian Pravda until the downhill.

That one was the American's specialty and he gave the Austrian ski instructor a lesson as he flew through the 19 gates always in the risky but faster route.

Pravda finished fourth in the downhill after beating Werner in the giant slalom and running second to him in the slalom. That was good for second in combined. Marvin Melville, a University of Utah senior and 1956 Olympian, placed third. Osamu Tada from Japan was fourth.

Max Marolt, Aspen, Colo., and Frank Brown, McCall, Idaho, both Olympic candidates, finished sixth and seventh.

Little pointed out the Olympic Alpine squad probably will be one of the youngest ever.

Miss Anderson is 20 and Linda Meyers, 21. Sally Deaver, a veteran at 24, placed third in combined and former national champion Renie Cox of Port Leyden, N.Y., was fourth.

Stalina Korzukhina, 21-year-old Russian, was fifth and her compatriot, Evgenija Sidorova, was seventh.

Not to be ignored is Joan Hannah, who won the giant slalom but finished last in the downhill and combined. A 19-year-old bundle of courage, she fell twice but finished the race covered with snow and using only one pole.

Spencer Not Unhappy With Position Shift

COMBINED AP & UPI

PHOENIX, Ariz. — Daryl Spencer, contrary to some reports, is not unhappy with his shift from shortstop to second base for the San Francisco Giants' second campaign on the Pacific Coast.

"It's a kind of challenge," Spencer said upon his arrival in training camp yesterday. "I could see the writing on the wall last year. When Andy (Andre Rodgers) came up from the Coast League and took charge at shortstop late last season, I knew what was going on."

Spencer also added that the switch entered into his contract negotiations with management, resulting in a salary increase after he returned the original offer.

FIRST WORKOUT

Coach Salty Parker sent the squad, still minus Orlando Cepeda and four other players, through its first full squad workout of the spring training season. Both units received 40 minutes batting practice apiece.

"We did everything real well," Parker said. "There was no lost motion."

Eleven pitchers shared mound chores, including little Stu Miller, ERA champion of the National League last year.

Two players suffered minor injuries. A ground ball caught Rodgers in the stomach, and outfielder Felipe Alou spiked himself on the instep.

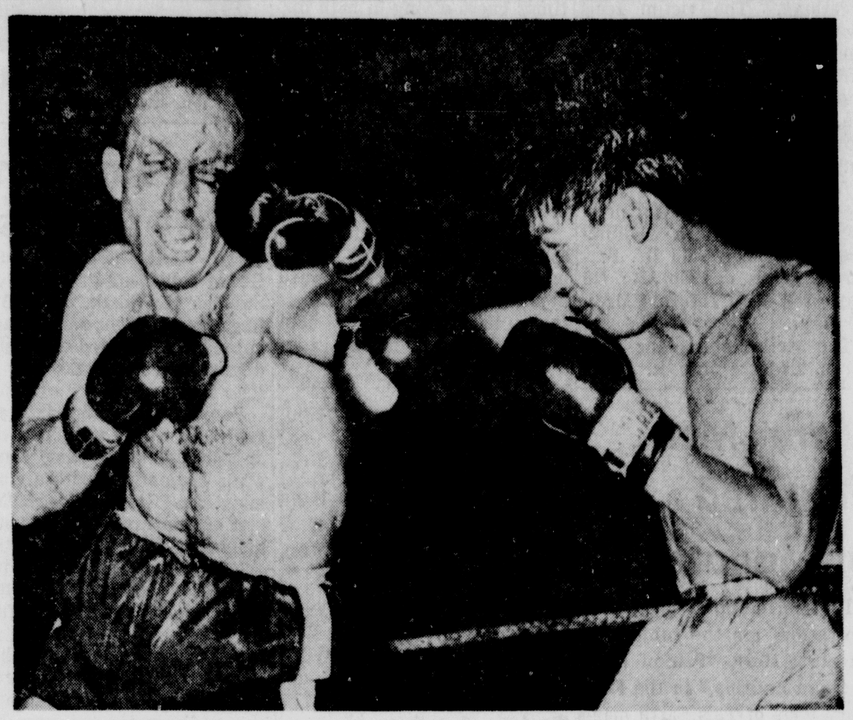

RIGNEY DUE

At the close of the session, Parker said he planned no intra-squad games before next Sunday, or until manager Bill Rigney arrives. Rigney has been resting at his Walnut Creek home with a broken jaw and collarbone suffered in an auto accident. He's expected to arrive Friday.

Classed as holdouts now are pitcher Al Worthington and outfielder Don Taussig. Ramon Monzant, also unsigned, indicated from his home in Maracaibo, Venezuela, that he might stay in South America.

Cepeda, rookie-of-the-year last season, is due in camp later this week, as is first baseman Bill White.

Parker posted two rules in the Giants camp: 1. Helmets must me worn in batting practice. 2. A midnight curfew.

Campy's Son Arrested As Delinquent

NEW YORK (AP) — A son of former Dodger catcher Roy Campanella and 17 other youths were arrested yesterday after a gang fight.

David Campanella, 15, was charged with juvenile delinquency.

Police said he was a leader of a gang called "the Chaplains," which challenged another gang to a fight over "rights" to hang around a bowling alley in Flushing, Queens.

Police said the gangs arranged to meet yesterday, to settle the issue.

Police spotted about 30 boys in a vacant lot and investigated. Six who were fighting, including Campanella, were taken in with 12 others.

Campanella and three others under 16 were charged with juvenile delinquency. The older boys were charged with disorderly conduct. No one was injured.

Young Campanella's father, who is chairman of a special juvenile delinquency committee for the Knights of Pythias' March of Youth program, is at the Dodgers winter training camp at Vero Beach, Fla. Campanella, confined to a wheelchair from injuries suffered 13 months ago in an auto accident, is an adviser to the Dodgers.

Gonzales Beaten In Serving Duel

LOS ANGELES (AP) — Lew Hoad defeated Pancho Gonzales, world professional champion, in a tight tennis serving duel last night, 6-4, 12-10.

Hoad, former amateur champion, outserved Gonzales and was lightning fast at the net, cutting off many of Gonzales' shots.

In the other match played in Jack Kramer's pro tennis tour, Ashley Cooper, world amateur champion, defeated Australian Mel Anderson, 6-0, 12-10.

Under terms of the charter, their group will have jurisdiction of approving all individual umpire memberships in the national association from Marin County.

Louis Cicanese of San Rafael is president of the group, Richard Eslinger of Petaluma is secretary and Mike Marelli of San Rafael is treasurer.

Only approved members of the NBC Assn. of Umpires are eligible to officiate in sanctioned district and state tournaments preceding the 25th annual national tournament in Wichita, starting Aug. 14, congress president Ray Dumont said.

Stall Tactics Fail To Stop Kentucky

By U.P. INTERNATIONAL

Here's some advice for likely foes of defending champion Kentucky in next month's NCAA basketball tournament—don't try to beat the Wildcats by "stalling."

Alabama, which upset the mighty Phillips Oilers of AAU cage fame with slowdown tactics earlier this season, tried the same thing with Kentucky last night and succeeded in holding the nationally top-ranked Wildcats to their lowest point total in 12 years, 39 points.

But it didn't do any good. Kentucky won anyway, 39-32, and was using a slowdown of its own in the closing moments.

Kentucky has clinched at least third place in the Southeastern Conference and that probably means an NCAA tourney berth since Auburn is ineligible (on probation) and Mississippi State faces an unwritten state policy against playing racially integrated teams.

Mississippi State also won last night, trouncing Tulane, 65-51. It was the 23rd win in 24 games for the Maroons and moved them into first place in the conference with a 12-1 record.

That's because Auburn, which had its 30-game winning streak smashed by Kentucky Saturday, lost again—this time 56-55 to Tennessee at Knoxville, Tenn.

In addition to Kentucky and Mississippi State, others posting key wins last night were Cincinnati, 92-69 over Tulsa; California over Oregon State, 57-40; Bradley over Wichita, 72-70, and St. Louis over North Texas State, 70-58.

In other leading games last night: Larry Huston's 26 points led Ohio State to a 92-83 win over Indiana that knocked the defending champ Hoosiers out of the Big Ten race; Michigan kept its slim title hopes alive with an 87-63 rout of Wisconsin; Floyd Campbell's 21 points led Northwestern to a 79-62 win over Minnesota; Iowa downed Purdue, 66-62, Kansas beat Missouri, 85-81, and Vanderbilt trounced Georgia, 78-50.

St. Mary's In Bid For Loop Title Tonight

By ASSOCIATED PRESS

St. Mary's—unbeaten after nine West Coast Athletic Conference basketball games — seeks No. 10, the loop crown and automatic qualification for the Western NCAA playoffs in a game tonight against College of the Pacific.

Playing on their home court, the Tigers (6-3 in the league) will be trying to avenge a 63-47 defeat by the Gaels at Moraga two weeks ago.

Bottom rung San Jose State (1-9) and third place Santa Clara (5-3) clash at San Jose.

California beat Oregon State 57-40 at Corvallis last night, the 11th Pacific Coast Conference victory for the league-leading Bears against two losses.

Cal had a 26-25 edge at halftime, but the score was tied at 34 with 11 minutes of the game left. Then the Bears surged ahead, pouring in nine straight points in one three-minute period.

Rigney Enthusiastic Over Team As Giants Open Spring Training

CONNOLLY

Baseball fans all over the country are accused of narrow-minded sectionalism.

Neighbors to the north and south point each other out as corny hometowners, with more ego than balance, more boast than performance, and just plain patooties over a lot of silly little matters.

I shudder to think of what moans and glooms would be forthcoming from S.F. Giant fans if anything ever happened to the "Say Hey Kid," Willie Mays.

I can recall many instances in baseball where a star player got hurt and completely upset the apple cart for the owners.

So I'm really happy for many reasons when I chat with Bill Rigney and hear him say "Giant enthusiasm" is greater than ever.

"I'LL BE THERE Friday night," says Bill, "I'm rarin' to get going. I've heard so many nice things about our young players, that it'll be a treat to lay eyes on them.

"I've known Dutch Ruether for many years and I've never heard him rave so much about a youngster named Lee, a young southpaw bonus baby just signed.

"Boss Stoneham tells me that the kid deserves the raves and naturally," explains "Rig," "I'm curious to get a look."

According to the Giant manager, his auto injuries are mending as the days roll on.

WITHOUT TAKING into consideration the condition of his athletes, Rigney is pretty well set on his lineup, barring a few unlooked-for changes.

"I've got an idea that Andre Rodgers at shortstop, Daryl Spencer at second, Jimmy Davenport at third and Orlando Cepeda at first base. will be my starting lineup," Rigney states.

"But I'm not counting out Danny O'Connell. He'll be with us whether he play regularly or not. He's the sparkplug of the infield, either playing or squatting on the bench. And I believe every word I hear about Danny boasting he'll open at second base.

"Our bench strength behind Davenport at third base is Ray Jablonski. I've never seen much of Ben Valenzuela who was with Omaha last year. But they tell me he's a whiz."

Rigney thinks Stu Miller, the shrimp sized righthander, will be in camp this week and is counting on him as a regular starter.

"I LIKE to figure Jack Sanford and Miller as my regular starting righthanders and Mike McCormick and Johnny Antonelli as my southpaw starting flingers," Rigney declares.

"But I'm still very concerned with the possibilities of Paul Giel, Gordon Jones, Bill Muffett, Curt Barclay, John Fitzgerald and Ramon Monzant. Any of 'em could become regulars so easy it could be real funny."

Rigney, of course, likes to point out that last spring nobody figured Cepeda or Davenport or even Spencer as starting infielders. Yet they proved it almost the day that spring training opened.

With Bob Schmidt, Hobie Landrith, Al Schieglitz and Roger for backstopping duties, the Giant skipper feels pretty cocky.

"I wouldn't trade my catchers for anybody on any other club in the National League," says Rigney.

The outfield as outlined by the Giant field boss, calls for Willie Mays in center, Jackie Brandt in leftfield and either Wagner, Kirkland or Felipe Alou in rightfield.

"We're really loaded with outfield punch," Rigney explains, "and I hope we're able to cash in on that power. I've heard glowing reports on Alou so it could be that his improvement during the winter could hoist him into the top spot in rightfield."

Middleweights Liven Up The Boxing Scene

By Associated Press

They may not be as classy as some of the old time middleweights, but the current crop of 160-pounders is doing its bit to liven up boxing these days.

While the leading contenders are waiting for champion Sugar Ray Robinson to defend his crown and loosen up the log-jam below, a couple of undefeated middleweights are making their bids for attention.

They are Gene "Ace" Armstrong of Elizabeth, N.J., who already has earned a berth in the top 10, and Jose Torres of New York.

Armstrong, ranked ninth by Ring magazine and fifth by the NBA has won all 16 of his pro fights. The 27-year-old Jerseyite goes after No. 17 at New York's Madison Square Garden Friday night (NBC TV-radio, 7 p.m.) when he faces Italo Scortichini, the Italian champion.

KAYO ARTIST

Torres, 22, has a 9-0 record, including seven KO's. The Puerto Rican-born New Yorker takes on Eddie Wright of Philadelphia at New York's Sunnyside Arena Thursday night.

Torres was runner-up to Hungary's Laszlo Papp in the 1956 Olympics. Papp, incidentally, has turned pro, too, and has piled up an all-winning record in Europe. The Hungarian is the only boxer ever to win three Olympic gold medals.

Middleweights also are featured in the Wednesday night television fight at Chicago (ABC, 7 p.m.). Spider Webb, the No. 3 contender takes on Bobby Boyd, ranked seventh, in a return 10-rounder at the Chicago Stadium. Webb knocked out Boyd in the sixth round five years ago.

It was Papp, incidentally, who knocked out Webb in the second round of the 1952 Olympics at Helsinki. Might be a smart stunt for some promoter to put the Olympians in a return bout.

HANLEY'S REPORT

Giants Confident As Drills Begin

By JACK HANLEY
I-J Correspondent

PHOENIX, Ariz.—Yesterday was that magical day when spring training started. Hopes are high. Visions are bright. Veterans and rookies alike share identical feelings. So do club owners, managers and coaches.

Maybe all clubs do not feel that way but those feelings seem to pervade the Giant training camp at Municipal Stadium in Phoenix. They are not cocky feelings, just healthy, wholesome ones with a contagious quality about them.

Horace Stoneham, president of the Giants, set the quietly confident tone in this training camp when he said:

"On experience, if nothing else, our club will be stronger than last year."

Last year the Giants finished third when virtually everyone had them tabbed for sixth or seventh. Anyone brash enough to predict the Giants would not once slip into the second division in 1958 would have been laughed out of the ball park.

THERE NEVER was a major league team that developed as many rookies in one season as the Giants did last year. And now those rookies have a full season's experience behind them. With the experience, they naturally will have more poise and confidence although they certainly had plenty of both last season.

If the Giants are able to fashion solid strength-up-the-middle this year, they definitely will make the 1959 pennant chase as exciting as they did last year.

That strength-up-the-middle is an old baseball truism. A team that does not have that strength seldom, if ever, wins a title. It means catching, pitching, second-short and center field strength.

WITH WILLIE MAYS in center, the Giants have the kind of strength that already has made almost a legend out of the "Say Hey" kid.

The second-short combination is a question mark yet. The combo of Andre Rodgers at short and Daryl Spencer at second could become a good one. Rodgers, a powerful belter in the Pacific Coast League last year, has one of the finest infield arms in baseball. Spencer, of course, is a veteran who is shifting from short to second this year.

If the smooth double-play teamwork vital to defense can be worked out by Rodgers, with Spencer's aid, one of Manager Bill Rigney's big problems will be solved. He regards it much more critically than his healing broken jaw that has delayed his appearance in training camp.

JACK SANFORD and Billy Muffett, acquired in winter trades, may give the Giants the additional pitching strength needed. Sanford was rookie-of-the-year in 1957. Hank Sauer, the wise old veteran, thinks Sanford can win 15 games this year for the Giants.

Of course, Johnny Antonelli still is the big pitcher for the Giants. Sanford may be another good starter with Mike McCormick and John Fitzgerald. And Stu Miller and Al Worthington are fine middle pitchers.

That leaves the other end of the up-the-middle string from catcher to center field. Bob Schmidt, one of last year's rookies, is the man slated for heavy chores behind the plate. And Hobie Landrith, who was with St. Louis last year, should strengthen the catching department.

Salmon To Get Free Ride Down The River

SACRAMENTO (CNS) — If fingerling salmon don't have enough sense to swim down the Sacramento River to the ocean, the state is going to see that they make the trip anyway.

That's the gist of an assembly resolution, No. 65, by Assemblyman Frank P. Belotti (R-Eureka). It directs and authorizes the Department of Fish and Game to move one million salmon fingerlings a year, for four years, down the river in tank barges.

Under this system, water from the river constantly is pumped into the tanks holding the fish. The trip takes four or five days and, the nearer the barge comes to the bay, the more salt is in the water. By the time the barge arrives in the bay area, the fry have been converted from fresh water to salt.

Belotti said it's been estimated that fingerling salmon released in the upper reaches have a mortality rate of 99.9 per cent — in other words, only one out of a thousand ever reaches the ocean. It's expected the new system may result in a successful trip of at least 15 per cent.

A test run last year makes it appear there may be hope for even a better success. In an experiment carried on by Salmon, Unlimited, a sportsmen's group, 2,000 fish of 2¼ inches in length made the trip. The entire loss for the project was three fingerlings.

The fingerlings given free transportation down the river will be fin-marked to the extent they can be counted when they return up-river to spawn —thus giving a fairly accurate report of success.

That's the extent of the measure, as explained to the Legislature. It is expected to receive approval in the senate, as well, because everyone is agreed upon it. However, such was not always the case and the background of the program provides some interesting reading.

It's good reading, for instance for some of these who can't understand why there has been so much pressure to remove Seth Gordon as Director of Fish and Game, as well as bring about a general shake-up of the high ranking civil service personnel under him.

For the theory of hauling salmon fry downstream in tank barges, thereby by-passing unscreened diversion ditches, areas of high pollution and other pitfalls, is not new.

Salmon enthusiasts have been talking about it to the Department of Fish and Game for years. As usual, they were given the brush off.

When Salmon, Unlimited, was formed some time ago, they took matters into their own hands. With their own funds, they conducted the aforementioned experiment.

The results spoke for themselves and the Department, since has adopted the program.

This is the same Department, under Gordon, which constantly has called for less outside supervision.

Indoor Net Title Won By Olmedo

NEW YORK (UPI)—Alex Olmedo, 22-year-old Peruvian who now is the long-range favorite for both the Wimbledon and U.S. championships this year, climaxed a brilliant indoor debut yesterday by defeating defending champion Dick Savitt, 7-9, 6-3, 6-4, 5-7, 12-10 in the three-hour final round of the National Indoor Tennis Championships.

Savitt, former Wimbledon champion, gave the hero of the U.S. Davis Cup conquest last December a brilliant battle in yesterday's finale. Actually, Olmedo had chances to end the match sooner, but his inexperience with the board court and Savitt's canny tactics turned the match into a marathon.

CUBANS IN U.S. TO WOO TOURISTS

Hat check girl Joyce Query admires beard of Commandante Camilo Cienfuegos, 26-year-old chief of the Cuban army, at a New York City restaurant. Cienfuegos and nine other army officers arrived in New York yesterday on a goodwill tour. Their objective is to woo American tourists back to Cuba now that peace has been restored to the island. Shah, Assailed By Russ, Reaffirms U.S. Pact

TEHRAN, Iran (UPI) — The Shah of Iran, refusing to bow to Soviet warnings, today reaffirmed Iran's decision to sign a bilateral military agreement with the United States "despite all threats."

He brushed aside angry words from Moscow which said that Iran "will definitely" become Russia's enemy if it goes ahead and signs the military agreement with America.

"We are not afraid," the Shah today told a joint assembly meeting of senators and Majlis deputies.

The Shah said the Iranian government had already informed the Russians of its intention to sign the agreement.

The current uproar between Iran and its next door neighbor Russia blew up as the result of the failure of a Soviet mission sent to Tehran to try and negotiate a Soviet-Iranian treaty which would have led to this country's neutrality.

ANGLO-SOVIET PEACE PACT TRY HINTED

LONDON (UPI) — Belief increased here today that Prime Minister Harold Macmillan will pull some dramatic gimmick out of his white fur hat before he returns from Moscow.

Speculation in London was that he would come up with an Anglo-Soviet non-aggression pact. Diplomatic sources in Paris told UPI correspondent Elie Maissi a non-aggression pact between NATO and the Communist Warsaw Pact might result.

The British Foreign Office refused confirmation or even comment on the report but officials pointed out that a careful reading of the record backed up reports Macmillan planned some such gesture.

Dropping Jet Becoming Hot Canada Issue

OTTAWA (AP)—The Canadian government's decision to scrap the Arrow jet interceptor has caused a furor throughout the country and promises to be a hot political issue for months to come.

Prime Minister John Diefenbaker told Parliament Friday the government is abandoning the Arrow in favor of a U.S. anti-aircraft missile system. Two-thirds of the cost of the missile program will be paid by the United States.

Opposition leader Lester Pearson at once demanded a "complete and comprehensive" parliamentary examination of Canada's defense policy.

WORKERS LAID OFF

Some 14,000 workers for A. V. Roe (Canada), Ltd., builder of the Arrow, have been laid off. Avro suppliers employ an additional 15,000 persons whose jobs are now threatened. This could severely aggravate Canada's unemployment problem, already a sizzling political issue.

There have been cries that discontinuance of the Arrow program will cause trained workers, scientists and technicians to disperse, dealing a severe blow to the Canadian aircraft industry.

DEPENDS ON U.S.

There are complaints that Canada must now depend to a large extent on U.S. goodwill during years of integrated U.S.-Canadian defense production. Canadian military leaders have warned this integration will be a long, hard process.

The Arrow, or CF105, is a supersonic jet interceptor designed to replace the CF100 jet now in service with the Royal Canadian Air Force. The government had already spent 400 million dollars developing the plane. Only five were actually built. It was estimated it would cost an additional 380 million dollars to give the RCAF 100 Arrows.

Priest Challenging Paraguay Dictator

By JOSE MARIA ORLANDO

MONTEVIDEO, Uruguay (AP)—South America's only remaining dictator, Alfredo Stroessner of Paraguay, is fighting a war of nerves led by a youthful Roman Catholic priest.

Stroessner's land-locked country of one and one-half million people is a nation of fear and suspicion, gradually becoming more isolated in a continent where dictatorships have gone out of style.

Thousands of refugee Paraguayans are openly plotting Stroessner's overthrow.

One of the best known revolutionaries is Rev. Ramon Talavera, 35, who says, "Some church leaders might disapprove of what I am doing, but in fighting injustice and tyranny, I'm with — God's principles."

The priest came to Uruguay last November after being expelled for openly preaching against Stroessner's strongman rule. Proclaiming a "National Liberation Front," he has appealed to other refugee Paraguayans here and in Argentina to join his crusade against the 44-year-old dictator.

Father Talavera, son of a wealthy rancher, says his revolt was born while serving as a chaplain in a Paraguayan jail where political prisoners were kept.

"I saw men beat up, or with the burns of an electric wire inexpertly used."

Stroessner, son of a German settler and a Paraguayan mother, rose to power five years ago at the head of a military coup.

The lives of his subjects—overwhelmingly Roman Catholic mestizos of mixed Spanish and Indian stock—are sealed off from the outside world by a censorship.

Stroessner dislikes being called a dictator. Outwardly he acts the role of president, dresses mostly in white linen suits and only occasionally dons his general's uniform. He has an escort of only half a dozen policemen.

Opposition factions look to the outside for help in overthrowing the regime—spurred by the anti-dictator campaigns in Cuba and Venezuela.

An earlier blow to Stroessner was the overthrow of Argentine dictator Juan D. Peron, his close friend.

Now thousands of Paraguayan refugees—some estimate the number at 150,000—are poised in Argentina, planning a revolution in their homeland. There are unconfirmed reports of raids already made from Argentine bases along the border.

Putting China In Armament Control Urged

WASHINGTON (AP)—If a foolproof system to control armaments or nuclear weapons testing could be negotiated, Red China should be included in it, says the State Department's top Far East specialist.

But to include Red China, the system would have to be sound and workable, Walter S. Robertson, assistant secretary of state for Far Eastern affairs, told the Senate Disarmament Subcommittee yesterday.

Foolproof guarantees would be needed, he said, in light of what Robertson called broken promises and violations by Red China of truce and arms control agreements in Korea and Indochina.

Robertson said to include Red China in a world disarmament pact with adequate control measures might cause the free world to relax its vigilance.

Robertson took sharp issue with two previous witnesses, who suggested this might be a good time for Nationalist China to withdraw from Quemoy and Matsu islands.

Turning over the offshore islands to Red China would amount to appeasement and would not relieve tensions, Robertson said.

Controversial Report Passed By Bar Assn.

CHICAGO (AP)—The American Bar Assn. approved a report in a stormy session today that calls for stronger internal security laws and acknowledges there has been widespread criticism of some Supreme Court decisions.

The House of Delegates, policy-making body of the ABA, defeated motions at its midwinter meeting to delete critical references to several Supreme Court decisions dealing with Communist activity and internal security.

BACK LOYALTY OATH

The delegates also took a stand in favor of a loyalty oath requirement for governmental employees and deportation of aliens who are, or become, members of the Communist Party.

Earl Warren, chief justice of the United States, has resigned from the association, reportedly because of earlier ABA criticism of several high court decisions dealing with Communist activities.

DELAYED ACTION

The House of Delegates yesterday deferred action on the controversial report until today shortly after it was presented to the 246-man body.

The measure, approved last Saturday by the ABA Board of Governors, cites criticism of several Supreme Court decisions dealing with subversion and Communist activities in this country. While it refrains from direct attack on the high court, it asks Congress to clarify laws dealing with those subjects.

South Rhodesia Calls Up Reserves

SALISBURG, Southern Rhodesia (AP)—Thousands of young white men left their jobs today and reported for military duty throughout Southern Rhodesia as the British government tried to stem a wave of racial unrest in Africa.

Sir Roy Welensky, premier of the Rhodesia-Nyasaland Federation, called up the territorial reservists after racial riots in predominantly black Nyasaland in which 50 Africans were injured.

Nasser Facing Big Challenge From Reds

DAMASCUS (UPI)—Gamal Abdel Nasser is facing the biggest threat of his career after the first anniversary of his United Arab Republic, which united Egypt and Syria.

It comes from the Middle East's Communists. They have challenged his leadership of the Arab world and won a first battle in Iraq.

At stake now is Syria, the junior province of the U.A.R., whose left-wing Socialist politicians and officers persuaded Nasser to take over the country only a year ago. Partly out of fear of the local Reds.

Russia was the main foreign friend then and even the local Reds were never publicly attacked. Now Nasser-led Arabs are beginning to have doubts about Moscow and Nasser is at war with the local Communists.

The doubts about Moscow have been fanned by reports that the Communists are allowing more Jews from Eastern Europe to emigrate to Israel, the arch-enemy of all Arabs.

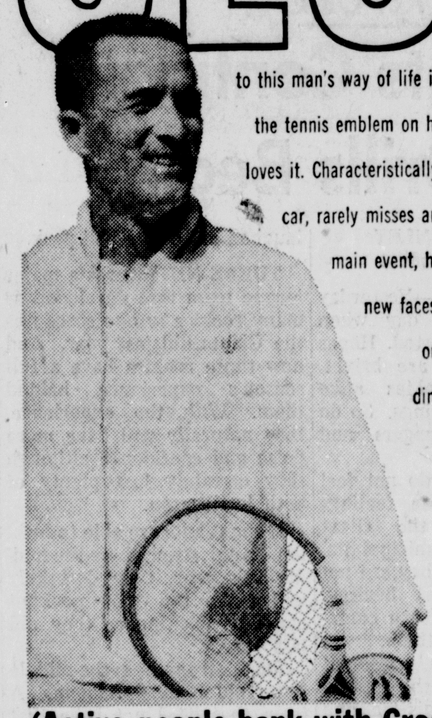

Syrian merchants are dissatisfied because of import restrictions, land owners are dissatisfied because of the land reform law limiting holdings. Last year was a drought year and this one may be, too.

The middle class generally is frightened by plans to unify the hitherto strong Syrian currency with the chronically weak Egyptian pound—which may mean losses up to 30 per cent for Syrians.

Half of Syria's 1958 cotton crop remains unsold and as a result exports are down sharply.

The Communists have tried their best to fan the discontent. Nasser's answer was first to attack them verbally. Then on New Year's Eve, his police rounded up hundreds of Reds in both Syria and Egypt.

Putting telephone know-how to work for national defense

New phone network adds lightning punch to the nation's defenses

Phone lines today are speeding up the nation's air defense by making it act almost automatically. The lines are nerves of a new system called SAGE. With faster speed than ever, these lines flash signals from wide-spread radar outposts into SAGE control centers. There, the signals feed into computers that instantly tell Air Forcemen what's in the air and where it is. Then, in a fraction of the time it once took, the men can use SAGE's phone lines to order jet aircraft or missiles skyward. Telephone people are fast completing SAGE's nerve system as part of our role in National Defense. And we'll watch over it with care — watch to see that it's always working for your safety and security.

Eleanor Green's Spring Fashions To Be Shown At Focus Luncheon

Fashions that are designed to be flattering to every figure, that are definitely of the current mode but have a classic quality which makes them wearable year after year, that look expensive but sell for a price well within the average woman's budget! Impossible as it sounds, all these features are incorporated in the new spring line of Eleanor Green fashions which will be shown at the popular "Fashion Focus" luncheon at Rickey's Rancho Rafael next Tuesday, March 3.

The honored group on Tuesday will be members of the Marin Chapter, Dominican College Alumnae Assn. Eleanor Green is in an ideal position to understand and cater to the needs of both the career woman and the housewife for she herself combines both roles. In private life she is Mrs. Benjamin V. Deitch, mistress of a charming house in Hillsborough, mother of three children, Danny, 14, Donna, 11 and Douglas, 9, delightful and attentive hostess and devoted wife.

Hungarian-born Miss Green has come a long way in little more than 20 years. As a San Francisco designer and manufacturer she has won national acclaim and is considered one of America's finest designers, with her gowns selling in major stores throughout the country. Yet Miss Green built her business from "scratch." She arrived in San Francisco from Budapest, ignorant of English, lived with relatives and worked long enough to save $300. At the age of 19, with her $300 and a matching $300 borrowed from relatives, this intrepid and deceptively beautiful young blonde rented space and went into business.

ELEANOR GREEN, the famed San Francisco designer, whose rise in the fashion field is a Cinderella story, will be honored at the Tuesday, March 3 Fashion Focus luncheon at Rickey's Rancho Rafael. Dominican College Alumnae of Marin will be the honored organization. The afternoon and late day dresses of the Eleanor Green 1959 Collection will be featured. (Romaine-Skelton photo)

The first dress she designed was phenominally successful. It was so popular it was in production twice as long as normal and — sincerest form of flattery—was copied scores of times. From that beginning her success pyramided, until today the firm of Eleanor Green is producing 60,000 eagerly-sought dresses annually, with buyers from all over the United States and Canada flocking to her showroom-factory on Market street.

Macy's hat department has selected some marvelous new chapeaux to complement the gowns, which will be modeled by members of the Marin Chapter, Dominican College Alumnae Assn. Hair styles will be by The Salon of San Rafael.

The popular Tuesday "Fashion Focus" luncheon is open to the public.

UNA MEADOWCROFT ENGAGED TO WED THEOLOGICAL STUDENT

Mr. and Mrs. Allan James Meadowcroft of San Anselmo are announcing the engagement of their daughter, Una Charlotte Meadowcroft, and John Joshua Skelly. The future benedict, son of Mr. and Mrs. Joshua Skelly of Los Angeles, is a student at the San Francisco Theological Seminary and will be graduated in June. Announcement of the engagement was made during the serving of dessert in the seminary dining room recently and afterward at an open house for family members and close friends at the Meadowcroft home.

The bride-elect, sister of Mrs. Donald Anderson (Marian Meadowcroft) of Oakland and Herbert Meadowcroft of San Anselmo, is a graduate of Sir Francis Drake High School, College of Marin and Pomona College at Claremont. She is a teacher at Redwood High School. Una is the granddaughter of the late Mr. and Mrs. James Meadowcroft of Mill Valley and the late Mr. and Mrs. Blaney Whyte of County Cavan, Ireland.

The future benedict, brother of the Rev. Joseph Skelly of Princeton, N.J., and Louis Skelly of Los Angeles, is the grandson of Mrs. David Hermiz of Allepo, Syria and the late Mr. Hermiz and the late Mr. and Mrs. Essa Skelly of Los Angeles.

The young man is a graduate of Manual Arts High School in Los Angeles and George Pepperdine College in Los Angeles. Vice president of Associated Students he was listed in "Who's Who in American Colleges" in 1956.

Wedding plans of the young couple are not complete but the nuptials will take place in the summer.

Ross, Kentfield Brownies Plan International Party On Mar. 10

It is time again to support Juliette Low, founder of Girl Scouts and Brownies in the USA, in her dream of continued International Girl Scouting.

INTO SPRING

Focus Is On Color At Sausalito Show

Truly a "Glance Into Spring" was the fashion show at the Sausalito Woman's Club on Thursday, for it gave the guests a glimpse of the brilliant color tones of the ever so becoming dresses spring into summer wear in Marin County.

With shirtwaists, sheaths, ensembles and sportswear to choose from, the clothes from Luana's San Rafael and Corte Madera Shops were styled for everyone.

Fabrics were of silk, cottons and miracle blends in stripes, plaids, plains and prints in an array of vibrant colors to entice one out of the lethargy of winter.

Some of the outstanding costumes were the sheath dress with matching jacket in glowing turquoise worn by Mrs. Walter Barkdull; the bright geranium pink rose print two piece dress on Alice Churchill, the white sports coordinates banded in blue and red on Mrs. John Ward; the lavender flowered print afternoon dress on Mrs. Clyde Trudell; the black and white coin dotted summer evening dress modeled by Linda Fromhagen; the green and blue silk shirtwaist worn by Mrs. John Churchill; the warm colors of orange, lemon and lime of the full-skirted drip-dry cotton on Mrs. Ernest Bowman, the oriental hues in the violet ensemble of a print coat over a plain colored evening dress modeled by Mrs. Harold Rosenblum; the turquoise blue shorts and matching blouse and sweater trimmed in white on Mrs. Stuart Brecka; the pastel blue skirt and shirt with white leather jacket on Mrs. Robert Peterzon and the wide collared lime green print on natural background with green worn by Mrs. John Connors.

In charge of the children who wore clothes from the Adel Moran San Anselmo and San Francisco Shops, was Mrs. James Carroll, who portrayed a nursemaid in an authentic French cap.

Salient among the outfits worn by the children was the sailor dress with matching coat and beret, and carrying a red purse on little Rene Balliet; Laurie Connors' middy blouse and pleated skirt of pongee with brown polka dotted tie; Megan Gifford's orange rose print dress with beige sash; Martha Crowell, looking very sophisticated in a white trimmed grey suit with pleated skirt and matching grey hat; and Master James Connors looking very British in a navy Eton suit with matching hat and white shirt.

Mrs. Clement McKaig was co-ordinator of the show, assisted by Mrs. Justin Day and Mrs. Frank Enzensperger Mrs. Bert Van Cleave and Mrs. Charles Diller Ryan decorated the clubhouse with spring flowers. Mrs. Leonard Wood was tea hostess. Mrs. Ernest King presided at the punch bowl. Mrs. Frank Rossman and Mrs. Howard Seivers were hospitality chairmen. BRIDGE-PLAYING

Mrs. Ivan Swigard Hostess To Sale Committee At Party

The spicy fragrance of candy-striped carnations and the loveliness of spring blossoms greeted the guests who gathered for the spring luncheon at the Ivan Swigard residence in Ross recently.

Mrs. Swigard, who is co-chairman of the rummage sale sponsored by the Experiment in International Living of Redwood High School on March 18 and 19, entertained the bridge-playing members of the committee and a complement of guests interested in the project.

"Hearts and flowers" were entwined on a manzanita branch and tall tapers were on the beautifully-appointed luncheon table. Candles were on the birthday cakes placed before the Mesdames John Siemens, Jay Hale and Harry Ensler, whose birthday month is February. Gifts and good wishes to the three Aquarius-born guests added to the pleasure of the afternoon. Celia Ensler, incidentally, gained grandmother status recently with the birth of a son to her daughter, Merle. Further excitement in the Ensler home home with the announcement that Susan Ensler will spend the summer in Israel under sponsorship of the Experiment in International Living. Susan, who will complete her sophomore year at the University of California in June, has been a student of Hebrew on the Berkeley campus.

There was much conversation about the rummage sale set at the Corte Madera Recreation Center and of the splendid response to the appeal for sale articles.

Since the Experiment fosters and facilitates the exchange of young students from this country with young students of every other country in the world, Bernice Swigard selected bridge prizes from several of the countries visited by these young people. When scores were tallied it was learned that Mrs. Robert Dunham had earned the exquisite petit point compact from Paris and to Mrs. Lois Davis were presented the Venetian necklace and earrings. From Italy also was the leather card case presented to Mrs. Thurlow Jaegeling and to Mrs. John Siemens went the playing cards from Belgium. From Amsterdam was the delicate hand-embroidered bun warmer won by Mrs. Aubrey Mendle and to Mrs. Jay Hale was presented the "booby" prize—a little teapot from our own country.

Regrets were expressed that illness prevented Mrs. Ted Harriman, co-chairman of the rummage sale with Mrs. Swigard, and Mrs. Ray Frezieres from attending the gay affair.

Those present were the Mesdames William Turner, Alfred Massagli, Lois Davis, Hale, Verner Anderson, Mendle, Robert Betette, Dunham, Donald Johnson, Allen Marshall, Edward Robinson, Jaegeling, Harvie Freed, Ben Chollar, Siemens, Wilbur Lewis, W. M. Harris and Ensler and Harry Diner.

Musical Club Features Two Fine Artists

Two artists contributed their talents to the Thursday Musical Club's program last week at the home of Mr. and Mrs. John Lesoine in Del Mesa. Francesca Howe, soprano, who has a beautifully sweet and clear voice, sang for her first group—"Per Pieta" by Stradella; "Se Tu M'Ami" by Pergolesi, Sarti's "Lungi Dal Caro Bene," Mozart's "Warnung" and Strauss' "Sueignung." The Gavotte from Manon by Massenet was her encore. In Miss Howe's second group were "Chere Nuit," Bachelet; "Nicolette," Ravel; "Sea Shell," Engel, and "Addio" and "The Little Shepherd," by Watts. Miss Dora Blaney played a splendid piano accompaniment.

Also featured on the program was a young pianist, Walter Moore, whose numbers were compositions by Beethoven, Schumann, Liszt, Debussy and Chopin. His technique and flair for the dramatic delighted his audience.

Members and guests were greeted by Mrs. Lesoine and Mrs. Russell Wolcott, club president. The artists were introduced by Mrs. Clifford Lawrence, program chairman.

Tea hostesses, Mrs. Elliott Stevens and Mrs. Henry Drath, were assisted by Mesdames Lawrence Walsh, Richard Quinlan and Alfred Kuehl. Pouring were Mesdames John Toole and Ernest Kirschner.

Bill Keeps Control Of State School Policy In Your Hands

Before the November election last year, the Independent-Journal flatly opposed Proposition 13, which would have made state superintendent of public instruction an appointive office. It is now elective.

Reason for the opposition was that if the superintendent was made appointive, the voters would have no direct control over the state schools' policies because the State Board of Education is also appointive.

We concluded an editorial on the subject like this:

"So we urge a No vote on Prop. 13. At the same time we pledge that if it is defeated, we will work hard to place another proposition before you in November 1960 which will accomplish the purpose of keeping control of your schools in your hands."

Prop. 13 was defeated. Not only that, but our state senator, John F. McCarthy, took our objections seriously. He has drawn up and introduced a piece of legislation which, if passed, will accomplish our objectives. Briefly, the measure, Senate Constitutional Amendment No. 4, provides:

For election by districts of the State Board of Education starting in 1962; for appoinment by the state board of the superintendent of public instruction.

McCarthy's bill divides the state into six districts; four of the districts would each have two members of the board; two of the districts would have only one. Marin is in one of the districts with only one.

Even if it weren't, we don't see the logic in having the different representations. It seems much more logical that each district would have two board members serving four-year staggered terms. This would mean that at every general election every voter in the state would be called upon to vote on a state school board candidate. This should keep him constantly aware of the board and its activities, something he should never forget.

In addition, McCarthy's proposed amendment would limit any individual to two terms on the board This, plus the staggered terms, would insure that new ideas and new points of view would be introduced on the board, while at the same time retaining a continuity of thinking and aim.

If the proposal passes the Legislature and is signed by the governor, then it will be on your ballot in November 1960 for your final decision.

We hope you'll join us in supporting it.

KEEP THIS NATION UNDER GOD

Don't wait for some calamity to say sincerely: "God bless America."

Reflect frequently on the age-old warning of the Hebrew Psalmist: "Unless the Lord keep the city, he watcheth in vain that keepeth it." (Psalms 126:1). Ponder, too, this pointed reminder from Proverbs (14:34): "Justice exalteth a nation: but sin maketh nations miserable."

Show by prayer, word and deed that you appreciate the privilege of being God's instrument in applying divine love and truth to the running of government. Recall St. Paul's reminder: "There is no power but from God." (Romans (13:1)

Do your part, also, to remind those in public office that while they are delegated by the people, they are ultimately responsible to God for their basic authority. As Jesus said to Pontius Pilate:

"Thou shouldst not have any power against Me, unless it were given thee from above." (John 19:11)

By persevering effort you can do much to keep our country "one nation under God," so that it will never become one "without God."

Thanks to You, O bountiful Father, for Your countless blessings on this nation.

Are You One Of 53 Million In U.S. Who Didn't See Dentist This Year?

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

The American working girl is growing older. Half the women in this country holding jobs outside the home are over 40, whether they admit it or not.

We are advised to have our teeth checked every six months, but more than 53 million Americans haven't visited their dentist in more than a year.

One of the things that annoys the average farmer is that 10 per cent of his investment is tied up in fences. And what can you grow on a fence?

Millionaire's woes: If someone gave you a million one-dollar bills, and you counted them at the rate of one a second for a full eight-hour day, five days a week, it would take you nearly seven weeks to find out how wealthy you were. But it's nice work if you can get it.

The phonograph record industry is one of the most competitive in the world. It's a 220-million-dollar-a-year business. But look at the odds: Only 39 out of every 1,000 records make a profit, only one in 1,000 sells a million copies.

You know what the oldest man-made material is? Glass.

Some authorities believe a three-to-six-month engagement period is best before marriage. A longer engagement is no guarantee of a happy marriage. It may only indicate one of the partners is trying to postpone the inevitable.

HOW NERVOUS are Americans? A survey showed one adult in five is a nail biter.

More Teachers, Not Civic Center

EDITOR,
Independent-Journal:

I wish to congraulate Mr. Haas and his associates on their thoughts pertaining to the civic center planned for Marin County. I, too, along with many other taxpayers in Marin County have thought of the proposed civic center—a thing of beauty, Yes!—a monument, Yes! — but to what? Possibly to the gullibility of mankind.

What do the pyramids of Egypt or the Taj Mahal of India mean to you? Objects of beauty, Yes! But at what price?

My 6-year-old daughter is enrolled in the first grade in one of our Marin County schools along with 34 other pupils, taught by a teacher who receives less than $5,700 per year income. I would much rather put the monies and energies from the civic center into more school rooms, teachers and raise the pay of all qualified teachers.

If there is such a need for a new civic center, let it be designed in simplicity, to fit the need of a growing community; let it be a monument to a people who would rather spend their energies and money on education for the betterment of mankind, rather than a comfortable palace for their public servants.

Fear Black Hearts, Not Black Skins

EDITOR,
Independent-Journal:

I am writing this little note concerning the dreadful remarks that Alan Barahal made in the I-J. It isn't the black skin you should be afraid of, it's the blackness and hate in your heart and mind.

If you would kneel and pray and ask God to cleanse your wicked heart, and to teach your children the way of Christ. You would forget all about color. Many features of our lives are a lot darker than our skin. We Negroes are humans like you, and we want a place to live too — a decent place.

God would have made the whole race white if He wanted it that way; His chosen ones are of many colors, like the flowers in His fields.

Do you think a pink Cadillac is fair recompense for the lack of a pretty house?

Governor's Spending Program Faces Trouble; He Blames Lobbyists

SACRAMENTO (CNS) — Whether the state needs new taxes, or whether it needs better administration of government from the top departments in state government down to the poorest sewer district, is still a burning question at the state Legislature. It is causing some bitter debate on the part of the new administration of Gov. Edmund G. Brown.

The governor apparently has stepped into the final pitch of the politician in defending his program for about 202 million dollar in new and increased taxes next fiscal year. This is to blame the lobbyists at the state capitol for opposition to what he would foist on the people of California.

NORMALLY, this is the final resort leaned on by a governor. But Brown didn't even wait until his tax bills were before committee to come out with a stinging statement declaring that "pressure" groups are out to wreck his program.

He declared war on the lobbyists even before any attacks have been made on his soak-the-public program by anyone before any legislative committees.

Analysis of his attitude and somewhat desperate statements is that the governor already fears he has attempted to put too much on an unsuspecting public and if he loses all or even part of his new tax program, including a levy on cigarettes, he can throw the blame on the lobbyists.

AND FROM the attitude of many legislators, no one knows yet whether they are in a majority, the governor is scheduled to lose much of the tax program he as recommended.

It is almost a foregone conclusion that if the governor intends to continue operating the state government on its present luxury basis, he is going to need new taxes to foot the bills. He claims he has a "tight" budget, and in comparison with some budgets, this may be so.

But on the other hand, there is plenty of speculation as to whether the budget is tight enough, and whether, with some supporting legislation, the expenditures of government on all levels could not be cut down to fit the state's income under the present tax system.

Benefit Costumes Were Hypocrisy

In a separate note, her husband wrote: "Thank you — and Mr. and Mrs. Gnoss — for the articles about the magazine solicitors. They are very annoying and too fresh."

U.S. Should Take Further Steps To Prove Tape-Recording Authentic

There must be additional steps which the United States can take to bring home to the whole world the truth of the evidence that Soviet pilots knowingly shot down an unarmed American transport plane which was unwittingly a few miles off its course over the Turkish-Soviet frontier.

How conclusive is our proof that Soviet pilots deliberately attacked the strayed U.S. transport and forced it to crash?

Most convictions for murder rest upon circumstantial evidence. Rarely is there eyewitness evidence.

BUT IN THE CASE of the attacked American plane there is minute, explicit, and complete ear-witness evidence. It is a tape-recording of the back-and-forth conversation of the Soviet pilots which literally recorded their words and Russian voices telling each other:

That they have spotted the lost U.S. plane.

That they have recognized that it is an unarmed transport.

That they have agreed which shall attack first and which shall finish it off.

The Soviets continue to deny it all.

THERE IS ONE true statement in Moscow's latest effort — a long statement by Tass—to brand the tape-recording as a "gross forgery." Tass states that "a cursory glance" proves it false.

But it the Soviets were so sure it was a forgery, why did they give in only "a cursory glance?" And, more than that, why did Soviet Ambassador Menchikov refuse to listen to a play-back of the recording when the State Department invited him to hear it with his own ears?

The Soviets have offered no evidence to prove their charge that the tape-recording is fabricated. But their constant drum-beat claim that "it's a lie, it's a lie, it's a lie" will make an impression upon many nations who shrink the minds of many people in from the grim realities, who are wishful or unwary.

THERE WILL BE a considerable number of people who will tend to see this matter in terms of one government flatly denying the statements of another government and thus as something they cannot possibly resolve.

This is why, it seems to me, the United States should explore further means of demonstrating its case to the world.

What is needed is to bring completely detached judgment to bear on the point at issue—the authenticity of the tape-recording.

Perhaps it would be well to take the issue to the United Nations and invite an investigation by a committee of neutrals. Or, if we submit a bill for loss and damages to the Soviets, which would certainly be refused, the matter could be submitted to the World Court.

SOME MIGHT argue that because we know we did not make up the tape-recording, it is a sign of weakness to ask others to pass upon its authenticity. The opposite, I would say, is nearer the truth; that it is evidence of strength and good faith to be willing to submit our evidence to independent tests.

World opinion, buffeted by the cross-currents of diplomatic arguing, would respond to such an action and I should think that the sooner we did it, the better.

The bodies of only six of the 17-man crew have been returned. Where are the other 11 U.S. airmen? Could it be that their bodies, if returned, would confirm that the plane was shot down?

Many Bills Ask Change In State Schools Setup

(California's Legislature has passed the one-third mark in its 166-day session, and most of the important bills are in. Here is the first of four roundup stories analyzing the proposed new laws and how they would affect you.)

By PAUL FINCH

SACRAMENTO (AP)—A hefty stack of bills before the Legislature indicates the state's biggest long-term investment—education—is getting bigger with burgeoning population and the challenge of the sputniks.

Some of the measures would shake up the high command, give long pants to state colleges, boost state aid to schools, and help talented students.

BOARD OF EDUCATION

An Assembly bill (AB1117-Bee) would replace the appointive 10-member state Board of Education with eight members, elected to staggered four year terms.

A Senate constitutional amendment (SCA4 McCarthy) would create a 10-member elected Board of Education with the power to appoint the superintendent of public instruction, now an elected official.

FOR STATE COLLEGES

A state College Board would be created by an Assembly constitutional amendment (ACA7-Collier). The board would be headed by a president, who would be an ex-officio member of the Board of Regents of the University of California. The university president would double in brass as member of the state College Board.

A broad program for the state colleges would become official state policy under AB114-Hegland. The education code statement making teacher training their primary function would be amended to include a dozen specialties.

NEW COLLEGES

As usual, there are a number of bills to authorize new state colleges. Counties proposed as new campus sites are San Mateo, San Bernardino and Riverside, Solano and Napa, Stanislaus, and Santa Cruz, San Benito and Monterey.

A 54-million-dollar increase in state school aid was introduced (AB1000-Ernest Geddes) in the Assembly at request of the Department of Education.

It calls for a total in 1959-60 of more than 666 million dollars to local districts. That's 31 million dollars more than asked in Gov. Edmund G. Brown's budget.

STUDENT AID

The measure would increase aid per student from $193.37 to $209.78 for 1959-60 and to $209.53 for the fiscal year 1960-61.

A perennial bill to trim state school aid to districts with low property assessment valuations (AB218-Collier) is making its sixth appearance in the Legislature. It would require the Board of Equalization to find the state average of assessment ratio to market value. Counties with ratios lower than the state average would get less school money.

MORE SCIENCE

Science, mathematics and modern foreign language instruction would be expanded by the federal and state governments in a series of Assembly bills. They authorize the state to match federal money provided in the National Defense Education Act of 1958.

The bills direct the Board of Education to encourage outstanding students and provide $100,000 to go with $800,000 in federal funds as loans to needy students. Another $300,000 would expand teaching facilities.

EARLY PROMOTION

High school district boards could send intellectually superior 12th grade students to junior college for part-time additional study in AB10-Hegland.

The hoppers also hold some proposed special treatment for the less ideal students:

SB365-McBride would allow a school district to drop a student who "will no longer benefit from continued attendance."

Habitual truants could become the problem of the parent instead of the truant officer in SB452-McBride. Juvenile court, on petition of the school district, could order the parent to deliver his child daily to school.

INCOME TAX FACTS

California Tax Rules Different From Federal

By PETER J. WIKEL, CPA

California's income tax rules are different in many places from the federal, and you should be very careful to check every deduction and every item of income before putting it on your California return. It may well be tax exempt by California, or if it is exempt on the federal, it may be taxed by California.

Peter J. Wikel

Just because an item is deductible on the federal return does not mean that it is deductible on the California.

The California rules follow the federal fairly closely but not always.

For instance, dividends are fully taxed on California returns and there is no 4 per cent credit.

There is no retirement income credit on California returns.

California does not tax any U.S. government bond interest. The federal does.

There is no child care deduction on California returns.

Medical expense is deductible only to the extent that it exceeds 5 per cent of your adjusted gross income. The federal is 3 per cent. Also, drugs and medicines are all counted on California returns, and the federal return counts only those in excess of 1 per cent of your adjusted gross income.

Charitable contributions are deductible from your California return up to 20 per cent of your adjusted gross income. The federal is 30 per cent if 10 per cent is given to churches, hospitals or educational institutions.

California taxes all pay of the armed forces, but excludes the first $1,000 received.

California does not give an extra exemption for old age, although the federal does.

California gives an additional exemption of $500 if you are blind. The federal gives an extra personal exemption of $600.

There are many, many other differences between the federal rules and the California rules, and it is important that you check every item. This can be a real tax saver for you and checking first might also save some penalties and interest.

THE PARENTS' CORNER

By RICHMOND BARBOUR, Ph. D.
Guidance Counsellor

All Small Children Are Selfish ; They're Helpless And Know It

All small children are selfish. They have to be.

Babies have only one real interest, themselves. They don't care if you're tired or sick. If they're hungry they yell. They demand service. They make no concessions. Why? Because they're helpless and know it. If they weren't supremely selfish they might not survive.

When they get to the toddling stage they change. For a time they may seem generous. They share their toys gladly. Why? Because they've discovered they win your approval by being generous. They're generous, with a self-seeking motive.

Somewhere around three they change again. Suddenly they become antagonistic and terribly self-centered because they're becoming independent. "Those are MY toys," they yell. Or, "Get out of MY yard." Why? The idea of "me" and "mine" take over. Gradually they build some guiding standards. By the time they are five or six their conscience is formed. How you treat them at this stage is important. Here are four rules for teaching unselfishness.

Be consistent. Don't ever approve their selfishness, disobedience, or rebelliousness. Instead explain and demonstrate that generosity and obedience are better.

Show your love. Remember that a selfish and rebellious little one is in a tough spot. He's fighting his whole universe. He needs to know you still love him, no matter what he does.

Punish carefully. Use reasonable rewards to teach necessary lessions. When punishment is required, use the mildest form which will do the trick. Use corporal punishment only in the few most serious situations which arise.

Be Patient. It takes years to overcome selfishness. Improvement comes gradually.

School Jams Good News For Desk Makers

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — School boards—and taxpayers — may be struggling today to provide classrooms for the rapidly increasing number of pupils. And debates may be raging over how much new schools should should cost and how fancy they should be.

But for the makers of seats, desks, blackboards, laboratory equipment and the like every prospect pleases.

For them the baby boom of the forties is now paying off in booming sales. And they are doing their best to convince school boards—and taxpayers—that the equipment that was good enough for grandfather isn't good enough for sonny.

The nation's grade and high schools now have about 1¼ million classrooms, a half million of them built since World War II.

J. J. Stefan, president of the school equipment division of Brunswick - Balke - Collender, Chicago, says that half of existing schools are more than 30 years old and a fifth of them were built in the last century. He predicts the nation will go on adding 60,000 classrooms a year.

J. M. Vermeulen, president of American Seating Co., Grand Rapids, Mich., says his firm's spending of half a million dollars in research is now paying off with new equipment designed to save costly floor space, among other things.

The Joint Economic Committee of Congress notes that since 1946 grade and high school enrollment has gone from 24 million to 34 million. It predicts this will rise by another 12 million in the next 10 years. It estimates classrooms to house all of these oncoming youngsters will cost the nation 20 billion dollars.

American Seating is offering an electronic teaching center. This includes a 21-inch TV receiver and a built-in tape recorder. Teacher can turn a knob to switch the TV from closed circuit to direct network operation. Other knobs open and close drapes or dim lights.

For the pupil the company has a freely movable unit with consistent posture support, adjustable desk where he can change the height or slant the top at various angles, and swivel action in the chair to make everything easy.

Brunswick-Balke-Collender is pushing a coordinated flexible line, which it says gets the most out of classroom space by allowing a change from a kindergarten area to a high school science room, say, in a matter of minutes.

It is offering one piece fiberglass chairs in six colors and melamine table top surfaces to control light reflection. Desk lids have touch lifting devices, which the firm says will keep youngsters from smashing their fingers.

Fusselman Against Financing Plan For County Hospital

Angel Island May Join Sausalito School District

Whether Angel Island should be annexed to the Sausalito School District is to be discussed at a postponed meeting of the Sausalito School District board in the district office at 8 o'clock tonight.

Although the island geographically is in Reed Union School District, children from the army's Nike installation on the island have attended Sausalito schools since the only regular transportation has been supplied by the army between the island and Ft. Baker.

Five Actresses Neck And Neck In Oscar Race

By JAMES BACON

HOLLYWOOD (AP) — The spotlight was on the ladies today in Hollywood's annual carnival of Oscars.

For the first time in years, there was no clear-cut favorite among the nominees for top actress. Not a tinted hair separates these five:

Elizabeth Taylor (Cat on a Hot Tin Roof); Susan Hayward (I Want to Live); Deborah Kerr (Separate Tables); Shirley MacLaine (Some Came Running); and Rosalind Russell (Auntie Mame).

With the men, the story is different. David Niven and Spencer Tracy were established as odds-on favorites with Niven given a slight edge in the early betting.

Niven was nominated for his role as the pathetic woman molester in "Separate Tables" and Tracy, up for his third Oscar, was nominated for his one man show in "The Old Man and the Sea."

Tony Curtis and Sidney Poitier, who went through "The Defiant Ones" handcuffed to each other, are expected to cancel each other out of the running by their well-matched performances.

The fifth male nominee is Paul Newman for "Cat on a Hot Tin Roof."

"Gigi," already winner of awards from the Screen Producers Guild and the Screen Directors Guild, is expected to repeat in the Academy Awards as best picture come April 6.

But competition from the other nominees will be stiff. They are "Auntie Mame"; "Cat on a Hot Tin Roof"; "The Defiant Ones"; and "Separate Tables."

In the supporting categories, the nominees for the men are:

Theodore Bikel (The Defiant Ones); Lee J. Cobb (The Brothers Karamazov); Burl Ives (The Big Country); Arthur Kennedy (Some Came Running); and Gig Young (Teacher's Pet).

The supporting actress nominees are Peggy Cass (Auntie Mame); Wendy Hiller (Separate Tables); Martha Hyer (Some Came Running); Maureen Stapleton (Lonely Hearts); and Cara Williams (The Defiant Ones).

An oddity was Alex Guinness, last year's top-acting Oscar winner, being nominated for the best screen play—"The Horse's Mouth."

As usual, the omissions caused almost as much talk as the nominations. Conspicuously missing were Ingrid Bergman for "Inn of the Sixth Happiness" and "Indiscreet"; Cary Grant for "Indiscreet"; Marlon Brando for "The Young Lions"; Jean Simmons for "Home Before Dark"; and Frank Sinatra for "Some Came Running."

All had been mentioned in pre-season predictions.

Jazz Concert Called Off; Negro Player

ATHENS, Ga. (UPI)—The University of Georgia Jazz Society has canceled the appearance of the Dave Brubeck Quartet because the bass player is a Negro.

Stuart Woods, 21, president of the campus jazz society and its 125 members, said Brubeck's appearance scheduled for March 4 was canceled on advice of university officials.

University policy, established in the last two years, prohibits racially mixed groups from performing on the university campus. The school will not permit university-approved student groups to sponsor such events.

Woods, a sociology senior, said he first learned that Brubeck's foursome had a Negro when publicity pictures arrived yesterday. Woods said he telephoned Brubeck, who called the action "unconstitutional and ridiculous."

The entertainer is currently appearing at the Apollo Theater in New York. The Negro member of Brubeck's group is Eugene Wright.

"Tarleton's Tea Table," a large boulder in the town square of Lincolnton, N.C., was named after a British general who is said to have taken his meals off the boulder during the Revolutionary War.

FULL-FLEDGED HOBBYIST AT AGE 9

Lawrence Kriegbaum, 9 year-old son of Mr. and Mrs. Marc M. Kriegbaum of 25 Acacia avenue, Kentfield, hasn't quite made up his mind as to which of his collections he'll exhibit at the Adeline E. Kent School Hobby Night, scheduled from 7 to 9 p.m. tomorrow. His most unusual collection is of curetta, miniatures of carts used in California in the Spanish period, for which he takes the leather from the tongues of worn-out shoes. Then there are the numerous models he's built himself, and his collections of butterflies and arrowheads. Some of Lawrence's other hobbies are nonportable, such as a complete pioneer fort in the back yard. Both children and parents will exhibit their hobbies in the show at Kent School.

COLOR ANALYSIS is a new, exclusive service to advertisers not offered at present by any other newspaper or printing plant in the West! It gives you full color with inexpensive zinc engravings, thus eliminating the often prohibitive expense of process color plates, hand etching, other high costs in labor and materials.

Our just-installed CURTIS COLOR ANALYZER is a tremendously effective new color printing tool of this scientific age. It enables us (and you) to see and control the colors and gradations of color **before the engravings are made.** More than that It also permits us, by simple retouching, to change any of the colors in any part of the finished picture. Your color job can be literally "tailored to measure" in order to dramatize the selling points of your product or service.

Let us show you how we can give you vital advantages, big economies, and better results from your newspaper ads and sales literature, with color.

With these three primary colors—red, yellow and blue—all other tones were produced in the color picture above. Remember, color flags attention with 50 to 150% greater pulling power, adds 100 to 200% more remembrance value, produces ACTION.
